PULWAMA ATTACK
Need for awareness of National Integration

A.N. Srinivasan,
IG (Retd) CRPF

The news which was flashing through media about the dastardly attack by Masood Azhar's Jaish-e-Mohammad, terrorist outfit on 14 Feb 2019 on the CRPF convoy in the Jammu – Srinagar National Highway at Lethpora in Awantipora area of Pulwama District of South Kashmir exploding one bus of CRPF with an explosive laden vehicle and thereby ruthlessly killing 40 CRPF personnel besides injuring some personnel of CRPF and the Nationwide sympathy. The solidarity shown towards the CRPF personnel by all Indians irrespective of the caste, creed, religion, language etc by displaying Digital Boards containing the photographs of the 40 Martyrs, taking processions carrying National Flag / candle lights, offering prayers in various religious institutions, attending last rites of the slain CRPF Jawans by the Ministers, Senior Govt officials of the States and large number of Public have kindled my thought to write this article for the benefit of the readers of CRPF Samachar.

Though the Nation stood together in solidarity with the Brave Hearts of CRPF who attained Martyrdom on 14 Feb 2019 in the cowardly attack of Pulwama, many people were not clear in their minds whether the jawans who lost their lives belonged to CRPF or Army or BSF or any other Force due to their ignorance about various Central Armed Police Forces (CAPF) functioning under the Ministry of Home Affairs, Govt of India and the role played by each Force. The fact that the complete Internal Security of the country rests with CRPF is not known to even highly educated persons leave aside villagers and youngsters. A popular Tamil Daily "Dhinamalar" (Coimbatore Edition of 17 Feb 2019) in its front page top had published a photo in which the then Defence Minister of India was laying wreath in Trichy Airport (T.N) on the mortal remains of Late. Ct. Sivachandran of CRPF, one of the Martyrs of Pulwama attack but to my utter surprise it was mentioned below the photo that the Union Defence Minister was laying wreath on the moral remains of Army

soldier Sivachandran. It was indeed a shocking state of affairs.

The so called high profile education which all parents, rich or poor, desire to provide to their children does not tell anything about National Integration and the sacrifices being made by the Central Armed Police Forces in general and by the CRPF in particular thereby depriving the children also to know the essential facts. The corporate culture which is, now a days, predominant in the society has also taken the people in different directions. The whole Nation standing as one with the CRPF immediately after the Pulwama incident will not serve the desired purpose though the kind gesture shown by the people from all walks of life is highly appreciable. Though some people had been demanding inclusion of the role of Defence / Para Military Organizations in the school syllabus, let there be some internal arrangements by all School Management Committees in the Country including "Kendriya Vidhyalayas" and CRPF Public Schools to provide some input to the students in this regard. One WhatsApp video received by me a few days after the Pulwama incident showed complete ignorance about the Forces in our Country among students and Corporate officials. Though it is a shameful thing, they alone can not be blamed for such ignorance because they had not been given any input/briefing about the Forces in India in their schools. Thus, respect for values, ethics, love for the country, brotherhood feeling etc are deteriorating day by day.

We frequently watch in the television a galaxy of young and old men and women from different walks of life with varied social, economic, cultural and linguistic background participating in Seminars, Group discussions etc on many subjects pertaining to current issues but I have not come across any such seminar or Group discussion in the recent past in which the subject "National Integration" had been discussed with special focus on the role of Defence/ Central Armed Police Forces towards National Integration. The television channels and News papers encash only incidents such as Pulwama attack by organizing Debates / discussions atleast for a week. For instance on 22 Feb 2019 i.e. after nine days from the Pulwama incident date the renowned English News paper "The Hindu" at page No. 9 of its Coimbatore Edition had published a Debate "After the terrorist strike in Pulwama, is war ever an option". One person said "Yes" another said "No" and the third person said "It is complicated". But I had not read, at any point of time an article highlighting the "Role and significant achievements of CRPF". During October 2012, I had been reading Articles in "The Hindu" News paper about the Indo-China conflict of 1962 but nothing had been published about the important episode of 21 October 1959 in which the CRPF, at Hot Springs (Ladhak), bore the first brunt of Chinese onslaught. Therefore, I had to write as "open page" items with the caption "Let us salute CRPF" giving full details of the said episode and send it to the Editor-in-Chief, The Hindu, Chennai on 18 December 2012 but it was not published for reasons best known to them.

After the Pulwama incident what brought together so many thoughtful minds from different background is of utmost importance and relevant. In our march towards the next century, we will be facing a veritable threat from divisive forces which are bent upon destroying the social fabric of the Nation which is very intricately worked out for the past thousands of years. The euphoria of independence had short lived as partition brought disastrous consequences for India in the wake of communal frenzy. From there on we have been witnessing various divisive agitations on the basis of language, regionalism, economic disparity and political aspirations. To uphold Nation's territorial integrity, check incursion and to avoid foreign intervention into domestic affairs, the country faced many wars with its neighbours. When they had failed, they devised the intrusion of foreign aided and guided mercenary type of people to wage low intensity conflict in different parts of the country to destabilize it.

Inspite of said adverse conditions, the country has steadily progressed in every field. Be it Information Technology, Space Technology, Maritime Technology, Medical Science, Agriculture, Social welfare, Infrastructure Development, Defence Technology, Atomic Energy, Human Resources Development etc, you may name any field and we have succeded in it. All the countries in the world look upon India as an important player in any critical issue. Indian leaders have been playing major role to ensure world peace and co-operation. Recently on 22 Feb 2019, Shri Narendra Modi, Hon'ble Prime Minister of India was given the "Seoul Peace Prize" for 2018 in recognition of his contributions to International Co-operation and fostering global economic growth.

Assets or resources are concrete terms and could be possible to attain. If it becomes possible to improve human brings as assets or resources it would take care of all aspects of advancement. Otherwise, aiming towards obstruct attainment will lead us to no where. Now, everywhere there is talk of human values, respect for fellow beings and human rights. Various commissions and Committees had been set up from time to time to look into any intrusion on human values. Empowerment of women is also an important aspect taken care of. Above all, judicial activism has taken care of every evil of human behavior.

The strength of the country depends on the strength of all groups and communities which constitute the Indian Nation. All Indians irrespective of their Religion, Culture, Language, Residence etc are equal citizens. They all have the same rights and same responsibilities. It is not only a breach of the provisions of the constitution of India but also an attack on Indian Nationalism to deny or diminish the status and position of any section of Indian Citizens. We must make organized and sustained efforts to counter the recalcitrance, indifference and inertia. We must strengthen the Forces which work vigoursely for social cohesion. Men and women who have firm faith in the destiny of India, who will refuse to consider India's problems from narrow particularistic point of view and who have pledged to promote National Integration and linguistic, communal and cultural harmony by all means within their competence should come together and radiate the message of Love, brotherhood, friendliness, esprit-de-corps etc. One should clearly understand the following seven solid evils:

"Politics without principles,
Wealth without work,
Commerce without morality,
Education without character,
Pleasure without conscience,
Science without humanity
Worship without sacrifice."

To be or not to be that is the questions. Whether it is nobler in human mind to suffer the slings and sorrows of torturous fortunes or rise against the sea of troubles and by opposing end them.

- William Shakespeare

Mahatma Gandhi once said: "All those who are born in this country and claim her as their Mother Land, whether they be Hindu, Muslim, Parsi, Christian, Jain or Sikh, are equally her children and are, therefore, united together with a bond stronger than that of blood." The youth/children of today will be the responsible citizens of this great country tomorrow which has time tested cultural heritage. The right path is required to be selected by the youth/children. Of course, the parents and teachers are also required to play an important role by providing appropriate guidance from time to time. Whether we want a strong, undivided and beckoning India or simmering India with many problems? This question should always throng our minds whenever we make, in the future, any deliberation on "National Integration".

Social Media:

More than Likes and Unlikes

M. Dhinakaran
DIG(Intelligence) Dte

One of the most distinguished achievements of mankind that clearly set up their path for zenith was the ability to perceive abstract ideas and more importantly communicate them. Language became the vehicle on which the civilizations alighted for progress. After the first words were spoken the human race did not look back and kept developing this potent tool of development. As centuries progressed this communication transcended the physical boundaries gradually by means of messengers, signals, pigeons, post, telegraph and telecommunication. Undoubtedly, with the invention of internet, all physical boundaries were replaced by a virtual homogenous platform which is free for all to voice their opinion and understand others.

The evolution of communication on virtual platform gifted the social media to this information hungry world. And today there is no dearth of social media platform in different forms, appearance, and purpose. But they all tend to make communication easier. With social media coming of age, its advantages and threats are discerning making it a double edged weapon. The social media provides you a large audience not limited by physical barriers. It enables you to communicate with words, videos, photographs, audio, memes, and emojis. It gathers reaction of others to your ideas and content. It makes you live in a virtual world that appears as a single entity undivided into countries and states. Not surprisingly the impact of social media has been huge in multiple dimensions. From a broader

perspective, social media has impacted every culture in general and individuals in particular.

The same platform that helps you put your ideas to the uncontrollable virtual world also puts you at the risk of mis-information, privacy thefts, identity thefts, bullying, fraud, and espionage. And without doubt these can affect your social, psychological, financial, and also physical well being.

It is a matter of great debate and research as to which trumps the other between the advantages and threats of social media but very few will have the opinion to abandon the social media because of its apparent dangers. So the pertinent question is how to optimise the social media to our benefits. Till more comes from deliberations and analysis we can have a few rules of thumb. And it should start with privacy. The privacy information should be kept minimum and personal details such as phone numbers, bank account numbers, etc should be avoided. An individual should always double check the information on social media for its authenticity as mis-information or fake news appear in huge numbers to misguide the populations and influence their opinion. An individual should refrain from uploading content that can give rise to controversy. Such a content will invariably include communal, gender sensitive, obscene, threats etc. Associating with unknown people on social media requires a lot of caution as people easily fall prey to identity theft, bullying by trolls, and frauds of different kinds. Espionage on social media has become very common and very complex which often include honey traps for persons in possession of significant and sensitive information. The trick with honey traps is that they target an individual's information with his own inadvertent compliance. The information is extracted and the target remains unaware. A good saying to remember in social media encounters is "The more you know, the less you speak". Communicate with care, think twice, thrice if so required, and stay safe. Apart from all the precautions you always have the option to report objectionable content to the websites, regulatories and law enforcement agencies who are equipped to tackle threats.

While you live by the sea and cannot afford to avoid the water, it is a rule of thumb that you learn to swim and you learn it more than just fine. Your judicial and wise use of social media will make it a better place for everyone including you.

OFFICE AND HOME

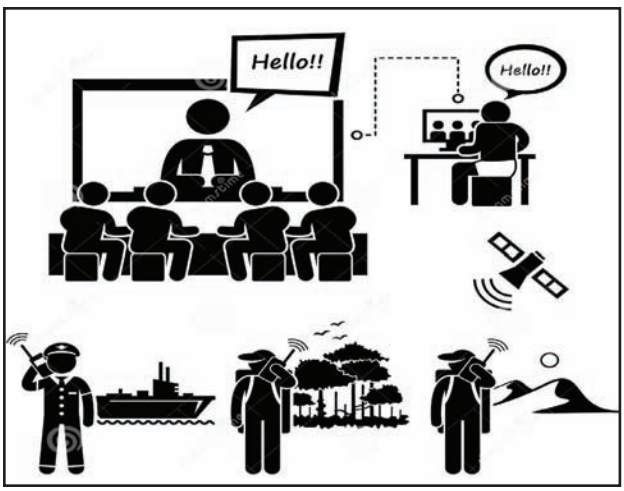

P.K. Rajak, DC
RTC, CRPF Peringome

Previous few weeks were very hectic for me. It was completely messed up with work..work.. work.. and nothing else. My wife asked me, whether I had more assignments or could we spend some time together? Then did I realized that, its long since I got involved and attended the family matters. So, I decided to spend some quality time with my wife, going for a short walk with Kids, even getting inside the kitchen with my son to make banana shake.

I had a review of the official schedule and could learn that most of the extra assignments which I took up were, performed after 5 pm Which is not at all advisable. Normally the majority of the elements deputed in various offices expect a very few, are away to be with their families. Then, I questioned myself. 'What is the work I do in the office till 07 Pm?' Is there anything too urgent? Certainly not. Of course there are urgent works to be dealt with but not quite often. Now , comes the next question ….'then why should I work in the office in the late hours ? is it done with the motive of passing time? This is a million dollar question. No doubt that, there are work loads , but for sure , there is nothing as such , had to be dealt with everyday, one more question raised in my mind which is a little crooked ' am I afraid of going home early ?

The answer is ' No ' for me . it may be 'Yes' for some as well,for various reason which they would never like to reveal . Then 'what is the actual reason behind our late hours working in the office? 'Has it become habitual ? Our members of the family , when we leave them at home in the morning till evening , they also feel the need to be refreshed of the monotonous work and circumstances about which, we were least bothered to think of. So, it would be advisable to have a special place other than office and our home where we can spend some quality time with our loved ones will help us get rid of the monotonous living environment and make it beautiful and worth living.

We all know, work is endless. No one can finish the whole work at one stretch. So, its always good to do the work to the best our ability and in fact confine it to the office. Let's spend and enjoy the rest of the time with our family, because we matter a lot to them. So its our responsibility to love and care for them….. "Lets spend some quality time with our family".

पर्यावरण : और उसकी देखभाल

अरविन्द कुमार सिंह
निरीक्षक (हि.अनु.), जन सम्पर्क महानिदेशालय

अभी अभी हमने इसी माह में 05 जून को विश्व पर्यावरण दिवस देश भर में पूरे धूम–धाम से मनाया है और केरिपुबल के विभिन्न संस्थानों में वृक्षारोपण आदि किए गए है। पर्यावरण शब्द का निर्माण दो शब्दों परि और आवरण से मिलकर बना है, जिसमें परि का मतलब है हमारे आसपास अर्थात जो हमारे चारों ओर है, और 'आवरण' जो हमें चारों ओर से घेरे हुए है। पर्यावरण उन सभी भौतिक, रासायनिक एवं जैविक कारकों की कुल इकाई है जो किसी जीवधारी अथवा पारितंत्रीय आबादी को प्रभावित करते हैं तथा उनके रूप, जीवन और जीविता को तय करते हैं। संयुक्त राष्ट्र द्वारा घोषित यह दिवस पर्यावरण के प्रति वैश्विक स्तर पर राजनैतिक और सामाजिक जागृति लाने के लिए मनाया जाता है। इसकी शुरुआत 1972 में 5 जून से 16 जून तक संयुक्त राष्ट्र महासभा द्वारा आयोजित विश्व पर्यावरण सम्मेलन से हुई। 5 जून 1973 को पहला विश्व पर्यावरण दिवस मनाया गया।

सामान्य अर्थों में यह हमारे जीवन को प्रभावित करने वाले सभी जैविक और अजैविक तत्वों, तथ्यों, प्रक्रियाओं और घटनाओं से मिलकर बनी इकाई है। यह हमारे चारों ओर व्याप्त है और हमारे जीवन की प्रत्येक घटना इसी पर निर्भर करती और संपादित होती हैं। मनुष्यों द्वारा की जाने वाली समस्त क्रियाएं पर्यावरण को प्रत्यक्ष और अप्रत्यक्ष रूप से प्रभावित करती हैं पर्यावरणीय समस्याएं जैसे प्रदूषण, जलवायु परिवर्तन इत्यादि मनुष्य को अपनी जीवनशैली के बारे में पुनर्विचार के लिये प्रेरित कर रही हैं और अब पर्यावरण संरक्षण और पर्यावरण प्रबंधन की आवश्यकता महत्वपूर्ण है। आज हमें सबसे ज्यादा जरूरत है पर्यावरण संकट के मुद्दे पर हमें जागरूक होने की जरूरत है ।

भारतीय परम्पराएं देती हैं पर्यावरण संरक्षण का संदेश..

भौतिक विकास के पीछे दौड़ रही दुनिया ने आज जरा ठहरकर सांस ली तो उसे अहसास हुआ कि चमक–धमक के फेर में क्या कीमत चुकाई जा रही है। आज ऐसा कोई देश नहीं है जो पर्यावरण संकट पर मंथन नहीं कर रहा हो। भारत भी चिंतित है। लेकिन, जहां दूसरे देश भौतिक चकाचौंध के लिए अपना सबकुछ लुटा चुके हैं, वहीं भारत के पास आज भी बहुत कुछ बाकि है। पश्चिम के देशों ने प्रकृति को हद से ज्यादा नुकसान पहुंचाया है।

पेड़ काटकर जंगल के कांक्रीट खड़े करते समय उन्हें अंदाजा नहीं था कि इसके क्या गंभीर परिणाम होंगे? किसी "शायर ने खूब कहा है कि

"बड़े अजीब है लोग, शहर बसाकर गाँव ढूढते है,
हाथ में कुल्हाड़ी लिए, छाँव ढूढते है"

प्रकृति को नुकसान पहुँचाने से रोकने के लिए पश्चिम में मजबूत परंपराएं भी नहीं थीं। प्रकृति संरक्षण का कोई संस्कार अखण्ड भारतभूमि को छोड़कर अन्यत्र देखने में नहीं आता है। भारत में पेड़–पौधों, नदी–पर्वत, ग्रह–नक्षत्र, अग्नि–वायु सहित प्रकृति के विभिन्न रूपों के साथ मानवीय रिश्ते जोड़े गए हैं। पेड़ की तुलना संतान से की गई है तो नदी को मां स्वरूप माना गया है।

"वृक्ष लगाएं, संतान लगाए,"
का नारा दिया गया।

यही कारण है कि जलस्रोतों को बचाए रखने के लिए हमारे ऋषियों ने इन्हें सम्मान दिया। पूर्वजों ने कल–कल प्रवाहमान सरिता गंगा को ही नहीं वरन सभी जीवनदायनी नदियों को मां कहा है। ग्रह–नक्षत्र, पहाड़ और वायु देवरूप माने गए हैं। प्राचीन समय से ही भारत के वैज्ञानिक ऋषि–मुनियों को प्रकृति संरक्षण और मानव के स्वभाव की गहरी जानकारी। इसलिए उन्होंने प्रकृति के साथ मानव के संबंध विकसित कर दिए ताकि मनुष्य को प्रकृति को गंभीर क्षति पहुंचाने से रोका जा सके। यह सब होने के बाद भी भारत में भौतिक विकास की अंधी दौड़ में प्रकृति पददलित हुई है। लेकिन, यह भी सच है कि यदि ये परंपराएं न होतीं तो भारत की स्थिति भी गहरे संकट के किनारे खड़े किसी पश्चिमी देश की तरह होती। दुनिया के सबसे प्राचीन ग्रंथ ऋग्वेद का प्रथम मंत्र ही अग्नि की स्तुति में रचा गया है।

पृथ्वी की रक्षा के लिए वृक्ष और जल को महत्वपूर्ण मानते हुए कहा है– **'वृक्षाद् वर्षति पर्जन्यः पर्जन्यादन्न सम्भवः'** अर्थात् वृक्ष जल है, जल अन्न है, अन्न जीवन है। सम्राट विक्रमादित्य और अशोक के शासनकाल में वन की रक्षा सर्वोपरि थी। चाणक्य ने भी आदर्श शासन व्यवस्था में अनिवार्य रूप से अरण्यपालों की नियुक्ति करने की बात कही है। हमारे महर्षि यह भली प्रकार जानते थे कि पेड़ों में भी चेतना होती

है। इसलिए उन्हें मनुष्य के समतुल्य माना गया है। हिन्दू दर्शन में एक वृक्ष की मनुष्य के दस पुत्रों से तुलना की गई है–

'दशकूप समावापीः दशवापी समोह्रदः।
दशह्रद समःपुत्रो दशपत्र समोद्रुमः।।'

घर में तुलसी का पौधा लगाने की परम्परा भारतीय संस्कृति में क्यों है? यह आज सिद्ध हो गया है। तुलसी का पौधा मनुष्य को सबसे अधिक प्राणवायु ऑक्सीजन देता है। तुलसी के पौधे में अनेक औषधीय गुण भी मौजूद हैं। पीपल को देवता मानकर भी उसकी पूजा नियमित इसीलिए की जाती है क्योंकि वह भी अधिक मात्रा में ऑक्सीजन देता है। परिवार की सामान्य गृहिणी भी अपने अबोध बच्चे को समझाती है कि रात में पेड़–पौधे को छूना नहीं चाहिए, वे सो जाते हैं, उन्हें परेशान करना ठीक बात नहीं। वह गृहिणी परम्परावश ऐसा करती है। उसे इसका वैज्ञानिक कारण नहीं मालूम। रात में पेड़ कार्बन डाइ ऑक्सीजन छोड़ते हैं, इसलिए गांव में दिनभर पेड़ की छांव में बिता देने वाले बच्चे–युवा–बुजुर्ग रात में पेड़ों के नीचे सोते भी नहीं हैं।

प्रकृति का सरंक्षण स्वयं के अस्तित्व का संरक्षण है .....

आधुनिक सभ्यता की उन्नति ने हमारे ग्रह के प्राकृतिक संसाधनों पर बहुत प्रभाव डाला है इसलिए आज प्राकृतिक संसाधनों का संरक्षण बहुत जरूरी है। प्रकृति या पर्यावरण का संरक्षण केवल स्थायी संसाधनों के साथ–साथ प्राकृतिक संसाधनों के प्रबंधन को दर्शाता है जिसमें वन्यजीव, जल, वायु और पृथ्वी शामिल हैं। अक्षय और गैर–नवीकरणीय प्राकृतिक संसाधन हैं। संरक्षणवादियों का मानना है कि बेहतर भविष्य के लिए विकास आवश्यक है। लेकिन जब परिवर्तन ऐसे तरीके से होते हैं, जो प्रकृति को नुकसान पहुंचते हों तो वो विकास नहीं, वरन आने वाली पीढ़ियों के लिए विनाश का सबब बनते हैं। खाने, पानी, वायु और आश्रय जैसी सभी चीजें हमें जीवित रहने के लिए जरूरी हैं। ये सभी प्राकृतिक संसाधनों के अंतर्गत आते हैं।

यदि संसाधन लापरवाही से प्रबंधित होते हैं तो निश्चित रूप से संसाधनों का दुरुपयोग होता है। अगर हम अपनी पीढ़ियों से प्यार करते हैं तो इन प्राकृतिक संसाधनों को बुद्धिमानी से प्रबंधित करना होगा। पिछली 2 शताब्दियों में मनुष्यों की आबादी बहुत बड़ी हो गई है। अरबों लोग संसाधनों का इस्तेमाल करते हैं, क्योंकि वे भोजन व घरों का निर्माण करते हैं, वस्तुओं का उत्पादन करते हैं और परिवहन और बिजली के लिए ईंधन जलाते हैं। हम जानते हैं कि जीवन की निरंतरता प्राकृतिक संसाधनों के सावधान उपयोग पर निर्भर करती है।

प्राकृतिक संसाधनों का संरक्षण करने का एक तरीका है रीसाइक्लिंग की प्रक्रिया। इसके माध्यम से प्रकृति और संसाधनों का संरक्षण हो सकता है। कई उत्पाद जैसे पेपर, कप, कार्डबोर्ड और लिफाफे पेड़ों से बनते हैं। इन उत्पादों को रीसाइक्लिंग करके आप 1 वर्ष में कई लाख पेड़ों को बचा सकते हैं। यह प्राकृतिक संसाधनों के संरक्षण के लिए एक बढ़िया तरीका है।

जीवाश्म ईंधन को जलाने से कार्बन डाई ऑक्साइड वायुमंडल में फैलती है जिससे ग्लोबल वॉर्मिंग में योगदान होता है। ग्लोबल वॉर्मिंग हमारे पारिस्थितिक तंत्र को बदल रहा है।

समुद्र के स्तर बढ़ रहे हैं और तटीय समुदायों के लिए खतरा पैदा हो रहा है। कई क्षेत्रों में अधिक सूखे का सामना करना पड़ रहा है, जबकि अन्य बाढ़ से पीड़ित हैं। दुनिया के कई हिस्सों में लोग पानी की कमी को भुगत रहे हैं। भूमिगत जलस्रोतों, जिन्हें एक्विफेर कहा जाता है, की कमी के कारण पानी की निरंतर कमी हो रही है। सूखे के कारण वर्षा की कमी या पानी की आपूर्ति भी प्रकृति के प्रदूषण का एक मुख्य कारण है।

विश्व स्वास्थ्य संगठन (डब्लूएचओ) का अनुमान है कि 2.6 बिलियन लोगों के लिए पर्याप्त मात्रा में पीने के लिए स्वच्छ पानी नहीं है। पीने, खाना पकाने या धोने के लिए प्रदूषित पानी का उपयोग करने के कारण हर साल 5 लाख से अधिक लोग मरते हैं। पृथ्वी की आबादी का एक–तिहाई हिस्सा उन क्षेत्रों में रहता है, जो पानी के तनाव का सामना कर रहे हैं। इन क्षेत्रों मं से ज्यादातर विकासशील देशों में पीड़ित हैं। प्राकृतिक संसाधनों पर बढ़ी हुई आबादी का दबाव भी उनकी गिरावट में योगदान देता है इसलिए उच्च विकास को स्थायी विकास तब तक नहीं कहा जा सकता है, जब तक कि इसके साथ पर्यावरण संरक्षण न हो।

आज जरूरत है ऐसी सामुदायिक और पारिस्थितिक नीतियों की, जो पर्यावरण संरक्षण और प्रबंधन की भागीदारी प्रणाली में संलग्न हों।

उपसंहार

प्रदूषण को कम करने के लिए हमारा यह कर्तव्य है कि हम अपने आस –पास के ईलाके चाहे वो कैम्प हो, आवासीय ईलाका हो उसे स्वच्छ रखें, पेड़ो की अन्धाधुंध कटाई को रोकने का प्रयास करे, नित्य वृक्षारोपण करें ताकि वातावरण स्वच्छ एंव हरा भरा रह सकता है और हमे स्वच्छ जल मिल सकती है, स्वच्छ वातावरण में सॉस ले सकते है अन्यथा वायु प्रदूषित होने से जान–माल की खतरा बढ सकती है। साथ ही साथ इसका ग्लोबल वार्मिग के कारण मौसम में बदलाव आ सकता है जो मानव जीवन के लिए चिंताजनक हो सकती है। इसलिए स्वच्छ रहे स्वस्थ्य रहे के नारे को अमल में लाना होगा।

हम फौजियों का दिल

अभिनव आनन्द, द्वि.क. अधिकारी,
220 बटालियन के.रि.पु.बल

हम फौजियों का दिल काफी बड़ा...
पर हमारे कमरे अक्सर छोटे पड़ जाते हैं।
बक्सों के स्याह रंग,सफेद नामों के संग
अक्सर घर के पीछे की शेड से
घर के बाहर, दलान की खाट के
बूढ़े ताऊ संग बतियाते नजर आ जाते हैं।

हम फौजियों का दिल काफी बड़ा...
पर घड़ियों में समय अक्सर छोटे पड़ जाते हैं।
हम छुट्टी तो आते हैं,
काम की लिस्ट बनाते हैं,
दौड़ते हैं,भागते हैं
गमछी से पसीना ढाँकते हैं।
पर छुट्टी खत्म होने की आहट आते-आते
कम्बख्त, ये समय ही हर बार छोटे पड़ जाते हैं।

हम फौजियों का दिल काफी बड़ा...
पर चाहत में 'कुछ और' के सिसक रह ही जाते हैं।
हमारा ग्रुप केंद्र होता है बड़ा, बहुत बड़ा
पर 'माइनर वर्क' के कुछ पैबंद इधर-उधर
वहां भी चाहते, न चाहते, लग ही जाते हैं।
'रात्रि भोजन तैयार है श्रीमान'
के थम सैल्युट पर
छोटे- छोटे पैग काश कुछ और मिल पाते
ऐसे में वेदना के सुर लग ही जाते हैं।

हम फौजियों का दिल काफी बड़ा
पर दिमाग को तरतीबवार चलाने
में तंग ही पाते हैं।
कैंटीन से सामान लाते वक्त
अक्सर हाँथ और काँख में चीजों को फँसाकर
तेज चाल से मंजिल तक पहुंचने की जिद्द में
झोला न लाने की गलती को फिर से भूल
जाते हैं।

हम फौजियों का दिल काफी बड़ा
वतन की हिफाजत के लिये वतन को
बस्तर से बारामूला तक
अपने लहू से सींचे चले जाते हैं।
मर-मिटने के जज्बे को
जीने के छोटे-छोटे सलीके पर
कुर्बान कर कदम से कदम मिला
बढ़े चले जाते हैं, बढ़े चले जाते हैं।
