Historic: Union Home Minister, Shri Amit Shah takes salute of CRPF Day Parade at Jammu

The Central Reserve Police Force celebrated its 83rd CRPF Day at Maulana Azad Stadium, Jammu in a magnificent ceremony marked with pomp, enthusiasm, and fervor. On this very day in 1950, the first Home Minister of India, Shri Vallabh Bhai Patel presented 'Presidential Colours' to CRPF. Hon'ble Union Home Minister and Minister of Cooperation, Shri Amit Shah, Chief Guest of the ceremony, took salute of the impeccable parade which is also notable for being the first ever CRPF Day parade held outside Delhi NCR. Besides felicitating the Gallantry Medal awardees, the Chief Guest distributed trophies to distinguished CRPF institutions for their commendable performances.

With the aim of taking the celebrations to different parts of the nation, the Force had decided to

celebrate the 83rd CRPF Day in Jammu this year. Maulana Azad Stadium, situated in the heart of Jammu, hosted the flawless CRPF parade wherein the expressions of the marching bravehearts were reflecting their patriotism and fortitude while the coordination and synergy of each of their forward steps was exuding confidence and determination to serve the motherland even at the expense of their lives. The parade was followed by several remarkable events demonstrated by the bravehearts like the fusion of sports, the Malkhambh, the women's rifle drills in tune with women's pipe band, the Silambam, and a dance performance signifying national integration. The thrill and astonishment of the spectators was at its zenith when the motorbike-borne women daredevils exhibited unimaginable stunts, demonstrating the

prowess of women warriors of the force. Carrying the message of 'CRPF- The Protector of the Nation' and holding high- the Indian tricolor, the unity march on the tunes of the CRPF Song by these motorbike-borne women daredevils culminated these events, mesmerizing the cheering spectators.

In his address, the Minister lauded the glorious history of the Force and its valuable contribution in maintaining the internal security of the nation. Remembering and paying homage to 2340 Bravehearts of the Force who made supreme sacrifice while serving the motherland, he remarked, "I am proud of CRPF, the whole Nation is proud of CRPF". He also praised CRPF for its effectiveness in performing duties assigned to it.

Expressing his heartfelt gratitude to the Hon'ble Home Minister for his august presence, Shri. Kuldip Singh, DG CRPF, in his address, also

proudly spoke at length about the diverse duties of CRPF in maintaining internal security of the nation. He reaffirmed the unwavering loyalty and the steadfast devotion and dedication of the bravehearts of the Force to the service of the nation.

Born as the Crown Representative Police, CRPF has now grown into a force with 246 dedicated Battalions, deployed across India, entrusted with diverse and indispensable roles, like Jungle Warfare, Anti-terrorism, Counter-Insurgency, Maintenance of Law and Order, VIP Security, ensuring fair and peaceful Elections, Disaster Management, Parliament Protection, UN Peace Missions etc. Having been adorned with 2309 Gallantry Medals, CRPF stands firmly committed to the service of the nation.

Honouring Legacy : **CRPF Celebrates Veterans Day**

The Central Reserve Police Force celebrated the Veterans Day by honouring its veterans in a befitting ceremony held at the Shaurya Officer's Institute, Vasant Kunj, New Delhi. It was in the year 2021 that the Force dedicated a Day to celebrate and acknowledge the invaluable services rendered by the veterans of the Force who have not just earned laurels for the country but also been instrumental in establishing CRPF as the most dependable Force in the matters of Internal Security. The occasion had the august presence of serving & retired officers and men of the Force residing in Delhi/NCR. The Veterans Day is also being celebrated across all the more than 40 Group Centres of CRPF.

After a warm reception the Veterans were presented with insignias and insignia bearing caps. Shri K Vijay Kumar, Senior Security Advisor, Ex-DG CRPF delivered the keynote address on 'Vision CRPF@2040-Developing Capacity Building centres to handle future challenges effectively' where he stressed on the need to update the Force in terms of technology and rapidly changing security scenarios. He expressed his belief that, with the innate ability to adapt to every security challenge and tradition of emerging victorious, CRPF will find no difficulty in evolving to accommodate future needs.

Thanking the veterans for their gracious presence and lauding their service to the nation, Shri Kuldip

Singh, DG CRPF announced in his address that, as requested by Veterans, Commandant (Welfare) in CRPF Directorate has been designated as Commandant (Welfare/Veterans) to address all kinds of issues related to the Veterans. He also informed that a nodal officer has been designated in all Group Centres to address the issues of NOK of Bravehearts who made supreme sacrifice at the altar of duty. These nodal officers will also cater to the needs of veterans from now on. For reaching out to the Force instantly, a dedicated helpline (011-24369541) has been started at the CRPF Directorate. The DG also informed that hospitals of all formations have been directed to provide free medical consultation and first aid to all the veterans and their dependents.

Thereafter, an open interactive session moderated by Shri P S Rajora, Ex-DIG CRPF was conducted. Veterans vehemently spoke about the successes of the Force and its glorious history while also contemplating the challenges facing the Force and their probable solutions. The auditorium

reverberated with applause when veterans shared captivating anecdotes and experiences. The CRPF remains committed to the welfare of its serving and retired personnel. The Force will continue to value the saga of valour and bravery that it has received as a heritage resulting from the dedication and commitment of its veterans, and shall strive to uphold the tradition of courage, grit, and 'Nation First'.

Valour Day:

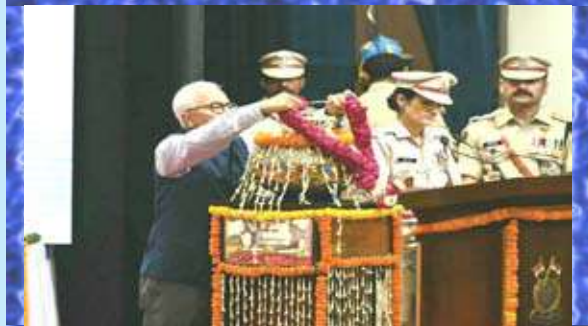

CRPF celebrates Valour of its legendary heroes of Sardar Post

In conformity with the cherished tradition of holding the sacrifice of its Bravehearts in reverence, the Central Reserve Police Force celebrated 'Valour Day' by paying homage to the Bravehearts who laid down their lives at the altar of duty. In a solemn ceremony, Shri. Kuldiep Singh, DG CRPF, paid rich tributes to the Martyrs of the Force by laying a wreath at the National Police Memorial at Chanakyapuri, New Delhi. Later in the day, Shri. Ajay Kumar Bhalla, Home Secretary, graced the celebrations held at Shaurya CRPF Officers institute, New Delhi. Paying his respects to the warriors of Sardar Post, the Home Secretary garlanded the urn containing soil of the battle ground. In the investiture ceremony, he felicitated the Gallantry Medal recipients and the families of those Bravehearts who were awarded Gallantry Medal Posthumously. Shri. Kishan Singh, the surviving veteran of the Sardar Post Battle, was also felicitated in the ceremony.

In his address, Shri. Ajay Kumar Bhalla, Home Secretary lauded the readiness, versatility and aptness of the Force in dealing with the multiple and diverse challenges to the internal security of the nation. He expressed his unwavering faith in the abilities of the Force to sustain their exceptional role in the service of the nation. Expressing the indebtedness of CRPF to the Bravehearts who made supreme sacrifice at the altar of duty and to their families, Shri. Kuldiep Singh, DG CRPF, remarked that the Force has always played a prominent role in the service of the nation and achieved several milestones in 83 years of its glorious history, testimony of which is the large number of Gallantry Medals being conferred on Bravehearts of the Force each year. He also expressed his gratitude to Shri. Ajay Kumar Bhalla, Home Secretary for his august presence in the event as Chief Guest.

Valour Day is celebrated each year to commemorate the saga of exemplary valour, unparalleled courage and phenomenal fortitude displayed by barely 2 companies of CRPF on 9th April, 1965 at Sardar Post in Rann of Kuchh, Gujarat, against a full fledged brigade attack perpetrated by Pakistan Army. Despite all odds, against all hopes, being clearly outnumbered and inferior in terms of modern weapons used in the battle, the Bravehearts of CRPF not only repulsed the attack, but also inflicted heavy casualties on Pakistan Army, neutralising 34 Pakistani soldiers and capturing 4 alive. In this legendary battle, 6 Bravehearts of CRPF made supreme sacrifice at the altar of duty, leaving behind the trails of exceptional valour and exemplary courage for generations to emulate and draw inspiration from.

MOB VIOLENCE, RIOT CONTROL AND RAF

Manoranjan Kumar, 2IC
194 Battalion, RAF, CRPF

Mob violence is like a jungle fire in that if it is not controlled immediately it will spread very fast and damage property extensively. Besides it will also cause loss of lives and injury to many.

"I am the people – the mob- the crowd – the mass." "Do you know all the great work of the world is done through me?" ----- Carl Sandburg

A riotous mob is born when members of crowd are no longer concerned about laws and authority and follow their leaders into unlawful and disruptive acts. Mob behavior is highly emotional, unusually reasonable and likely to erupt into violence.

Any crowd can form into mob in following circumstances:-

1. Gathering of a group to vent grievances or protest.
2. Redirection of group's anger from certain issues.
3. Increase of size of group by opportunists, onlookers and bystanders
4. Inciting people to behave irrationally by the agitators
5. Influence of criminal elements to act illegitimately.
6. When groups with antagonistic views face off

What is the most important component in mob violence? Mob violence can't take place until and unless a catalyst is present. It may be called a trigger. As the trigger in a weapon is pulled and the explosion takes place likewise the catalyst results in chaos or mob violence.

In India we have numerous examples of mob violence:-

1. Moradabad riot
2. Bhagalpur riot
3. Godhra riot

4. Muzaffarnagar riot
5. Sia-Sunni riot in Lucknow
6. Jaat Andolan
7. Gujjar Andolan
8. Koregaon riot

All these riots are lessons for the enforcement agencies which handle law and order.

Mob violence has certain traits:-

1. Presence of a catalyst
2. Suddenness
3. Spontaneity
4. Chaos
5. Protest for grievance
6. Insanity
7. Illegitimate

Mob violence can be of different types:-

1. Happy riot or good news riot
2. Sporting riot
3. Communal riot
4. Caste riot
5. Racial riot
6. Prison riot

In Riot prevention and control, Capt. Charles Beene lists five types of trouble makers found in a typical mob. They are as follows:-

1. **Followers** :- They follow their leaders and hardly apply their mind.
2. **Encouragers** :- They instigate the mob violence but never participate to keep their hands clean in the eyes of law.

3. **Opportunists :-** They wait for the opportune time. They perpetrate violence when no representatives of enforcement agencies are around.
4. **Criminals and thugs :-** These are basically opportunists with clear intentions and actions. They have specific goal to foment trouble to rob the shops, loot the bank etc.
5. **Psychopaths :-** They are mentally unbalanced persons who don't understand social or moral responsibility. They gratify themselves with their bizarre behaviour and commission of crime.

How a violent mob thinks? They think as if they are right in decision. They think that they are collectively doing work for a big cause. Mob violence is based on basically mob mentality or mob psychology

Social psychologist Irvin L. Janis a professor emeritus at University of California, Berkley coined the term "groupthink" to describe certain systematic errors by groups while making collective decisions. .

Deep analysis of unruly groups shows that only few in group are aggressive and majority are onlookers who are instigated by these handful aggressors. Curious onlookers if instigated become frenzied rioters.

Crowd and riot control is a police science that demands specialized, aggressive, positive action by law enforcement agencies. Controlling an unruly crowd situation is based on factors like intelligence on ground zero, number of participants, capabilities of riot control police, available manpower, quality of training to supervisory and on – line officers and available riot control equipments.

Violent mob control technique includes show of force, mob containment, dispersal tactics, encirclement of mob and arrests. Key principle of mob violence is - SAID. S stands for Speed, A for aggressiveness, I for impartiality and D for decisiveness. Wherever the mob violence has taken place the anti riot force should reach in minimum possible time. Earlier the force reaches the spot sooner will be the containment of violence.

The force should be very aggressive and it is required to be reflected in their drills. Half of the mob runs from the spot seeing the aggression of the force and most of them follow the escaping party out of fear.

Force deployed on the ground must be very impartial in approach and it must not be affected by the fact as to who is who. Real culprits must be nabbed and innocents be spared.

Force deployed on the ground zero must be very

decisive. Quick and prudent decisions on the ground can avert looming crisis. The commanders on the ground must follow three Cs, i.e. Command, Control and Communication. These three Cs if used effectively then can control any unruly mob.

Riot control refers to the measures used by police, military or other security forces to control, disperse, and arrest persons who are involved in a riot, demonstration or protest. If a riot is spontaneous and irrational, actions which cause people to stop thinking for a moment then loud noises or issuing instructions in a calm tone can be enough to stop it. However, these methods usually fail when there is severe anger with a legitimate cause, or the riot was planned or organized. Law enforcement officers or military personnel have long used less lethal weapons such as batons and whips to disperse crowds and detain rioters.

Since 1980, riot control officers have also used teargas, pepper spray, rubber bullets, and shock batons. In some cases, riot squads also used Long Range Acoustic Devices, water cannons, armoured fighting vehicles, surveillance, police or mounted police on horses. Officers performing riot control typically wear protective equipment such as riot helmets, face visors, body armour (vests, neck protectors, knee pads, etc.), gas masks and riot shields.

Riot has different dimensions which some way or other creates a divide in the society. History tells that how much a society is affected by riot socially, politically and economically. The people who earn square meal a day are the most affected lot of riot and riot like situation. In India the history of riot may be associated with the divide and rule policy of English rule. Morley- Minto reform sowed the seeds of divide in society and it snowballed over the years. Subsequently the Govt. of India act 1919 and Ramsay McDonald award of 1932 have created a big rift in the society. The preceding years and year of Indian Independence have witnessed horrible blood bath. Millions of people died and millions of them became homeless.

In early 90s of 20th century the country witnessed severe social and political crisis in form of riot and riot like situation. Govt. of India felt the need of a force expert in controlling riot with secular credentials. Thus the RAF (Rapid Action Force) was born out of CRPF by converting its 10 units and placing them strategically across the country.

In last 27 years RAF has played a role of saviour in the country and its presence as blue troopers has earned respect and accolades in the society. Today it is not only communal violence that has forced the state

governments to take the service of RAF but severe law and order crises also. Resultantly the RAF has become a reliable force but it is overused and overworked force. Only fifteen battalions having strength of 1222 personnel each are catering the need of the states.

Of late India has faced many riots like situations. Without deployment of RAF one could not think of containment. The main objective of the RAF is to deal with riots and riot like situation. Its services are taken for crowd control and crowd management too. It is pertinent to mention that RAF is seen in all the communally sensitive pockets during Dussehra, Deepavali, Ramnavmi, Id-ul-fitr, Id-ul-Ajha etc.

The RAF is normally deployed for control and containment of emergent situation. The duration of such period shall not exceed ten days unless explicitly and specifically concurred by Ministry of Home affairs, Government of India due to extraordinary situation on the requisition of the affected states or union territories. In the absence of Ministry of Home affairs' concurrence the force may be unilaterally withdrawn by the orders of Director General, Central Reserve Police Force.

RAF follows the principle of Zero response time. Zero response time is a specific time period in which RAF is required to leave its base and reach the riot affected area minus the journey period. This time limit is part of special operating procedures of RAF. One company is always kept on call to move to the affected area.

Time limit for move of RAF Coy/Coys already on call within same station in own transport with equipment, stores and weapons immediately on receipt of orders is half an hour, and to move without stores is within 15 minutes. When the deployment is assigned in cities/ areas other than the location of the coy, the coy should move within 2 hours.

The RAF unit is led by a Commandant and it has four companies. One company has two platoons. Company is commanded by an officer of the rank of Deputy Commandant and platoons are commanded by Assistant Commandant. One platoon has four teams and each team is commanded by an officer of the rank of Inspector. In one company there are eight teams and one team is purely of women and commanded by a woman of the rank of inspector.

The team is the smallest component to deal with the crisis. According to standard operating procedure of RAF the whole company is deployed in riot or riot like situation. The company can't be split into platoons for deployment. It can be deployed in platoons only

when it is deployed in district where the RAF unit Headquarter is located that too the platoons remain at visual distance with each other for command and control.

The smallest functional Unit in the Force is a Riot Control Team which has three components namely Riot control element, Tear smoke Element and Fire Element, The Riot Control Team is under command of a Inspector. It has been organised as an independent striking unit, capable of moving into action at short notice. A team consists of twenty four personnel but the operational strength of the team is of fifteen personnel.

Each unit has two areas of responsibility. One is primary area of responsibility and the second is secondary area of responsibility. Each area of responsibility consists of communally sensitive districts. Why RAF is so successful in controlling riot or riot like situation? It is because of its structure, operating procedure, training and Famex, i.e. familiarisation exercise.

FAMILIARISATION EXERCISE

While undertaking the familiarization exercise, the following should be ensured :-

- i) To patrol the area of responsibility in Teams and familiarize with routes and alternative routes for various destinations and prepare a map/sketch thereof.
- ii) To conduct mock exercise as to :
 - (a) How to cordon riot affected areas,
 - (b) How to organize general search,
 - (c) To identify places where stop parties should be positioned to prevent infiltration of undesirable elements into riot affected areas.
 - (d) To identify places where campus can be organized if people are to be evacuated from the riot affected areas.
- iii) To familiarize with locations of hospitals, dispensaries, Railway Stations, bus stands and air port etc.
- iv) To meet village/locality elders, other prominent persons and social workers.

The whole India was divided into 10 major pockets with communal riot point of view and all 10 RAF units have fixed area of responsibilities when RAF units were

raised. Now with the increase of five RAF battalions the country is divided into fifteen major pockets.

- To understand the area the platoons of RAF do the familiarization of the area.
- In a quarter a RAF unit has to cover 4 districts normally including a hyper sensitive district.

It is important to mention here the districts which are communally sensitive are divided as hyper sensitive and sensitive.

What is the modus operandi of RAF? RAF follows a set drill which is part of its standard operating procedure. It primarily uses the non lethal means to control the mob. The non lethal means include tear smoke grenade, tear smoke munitions, cane, anti riot weapon and water cannon. Firing is the last resort that too it is done to only immobilise the rioter not to kill.

RAF has two specialised vehicles which are used to control the riot. First is Varun which is water cannon and is used to spray water at very high speed. It immobilises the rioter for few seconds but it does not hurt. It has three tanks. One is having the capacity of ten thousand litres and the other two are of one thousand litres each. Bigger tank stores water and two smaller tanks store irritant and ink respectively.

The second specialised vehicle used by RAF is Vajra. Vajra has multi barrel launcher through which the long range and short range tear smoke munitions are fired to disperse the rioters. It is very effective when the rioters are in big number. The launcher is designed in a way that it fires both the electric and non electric shells.

The RAF follows specific drill to control the riots and riot like situation. The drill is devised taking the platoon in consideration.

PLATOON FORMATIONS:

In dealing with larger mobs a platoon is a formidable unit of force. In operational maneuvers according to availability of space i.e. narrow or wide front and the need of the situation, a platoon adopts the following formations. A platoon has 4 teams. However to form up these formations 3 teams i.e. $\frac{3}{4}$ the strength of the platoon is sufficient. The fourth team available acts as a striking reserve.

- Platoon Wedge:** It is capable of covering a wide road, crossing or street of a metropolis where a mob has gathered. It is a strong and formidable formation with a lot of depth.

- Platoon Split Wedge:** In this formation the teams move in different directions. This is suitable to push back crowd from a street crossing or road junction in different directions. The elements of the teams form up with their respective teams.
- Extended Line:** All elements from up breadth wise. This formation is useful when facing a mob on a very wide front like main thoroughfare of a metropolitan city or when a procession turns violent. The Commander has enough strength in depth.
- Extended Line One Deep:** Similar to the extended line but one riot control element will be positioned in depth in the centre; remaining elements will be as in the extended line formation. It is useful where, there are road dividers and the mob is on both sides of the road leading to a crossing or chowk. Commander has one riot control element and other elements in depth.
- Extended Line Two Deep:** On a wide front when the mob is not spread out this formation can be adopted keeping enough strength in reserve. In this, two riot control elements are in depth and only one in the front.
- Platoon Circular:** This is a defensive formation adopted in extreme emergency, wherein, the contingent runs the risk of being surrounded by rioter and attacked. It is held till the reinforcement arrives.

How do the RAF companies work in riot or riot like situation?

When the riot breaks out in a sensitive locality and the RAF is called upon to deal with the situation. On receipt of such an emergency call in the RAF Control Room alerts the troops as laid down in the mobilization plan and the troops rush to the scene of occurrence at lightning speed.

The contingent arrives at the scene with wailing sirens and stop at about 50 meters distance from the actual rioting. The vehicles halt 50 paces apart from each other for unhampered debussing and forming up. As soon as the vehicle stops the debussing commence swiftly and troops adopt the formation ordered by the Commander. Simultaneously, the commander decides the action to be taken and move directly into action without losing time.

In any such action the contingent may face following eventualities:-

- a) Two groups fighting each other violently.
- b) Arson, looting and stabbing in progress.

In the event of first eventuality, soon after adopting suitable formation on arrival at the scene, the Commander orders the gas element to come forward and use stun shell, stun grenade, sting ball or dye marker grenade depending upon the distance from the scene of rioting. All the said munitions are suitable for gaining psychological advantage and temporary disengagement of the warring groups.

These munitions when fired or thrown cause a stunning bang. The stun shell and stun grenade are different only in their method of launching, whereas a stun shell is fired through a gas gun, the grenade is hand thrown. The range is also different. The grenade is effective at 25 to 30 meters whereas, a shell is effective up to 100 meters. A dye marker burst with a bang at the same time sprays coloured dye which makes identification of rioters easy after the riot, as the dye cannot be easily washed off. The sting ball when thrown bursts with a loud bang and spread small plastic balls in all directions cause stinging sensation at the point of hit.

The Commander may choose any of these and use it against the rioters. He keeps the riot control elements ready to move forward to take advantage of the stunning impact on the rioters to chase them away.

Soon after gaining this advantage, the Commander spreads out his teams to clear the adjoining streets and by lanes to prevent small groups from indulging in violence. In accordance with dictates of the situation, the Commander orders the use of rubber bullets against the rioters. In the event of direct fire at the contingent from a roof top or building, the Commander employs fire power only after locating and fixing the target. In all such cases, the firing is specifically directed at such targets to neutralize it.

Use of fire power is not recommended as it may damage the image of the force and adversely affect its public acceptability. Simultaneously, he orders his reserve team and rescue & relief elements to evacuate the injured and render first-aid. The fire-fighting elements douse fires if any and rescue people trapped in burning buildings and salvage properties from them.

Before the rescue and relief element goes into action the firing element of the reserve team takes all-round protective position. Photographic evidence is prepared of all events. The events as it transpired

during the riot control action is diarized progressively and chronologically supported by photographic or video evidence.

The RAF control Room is kept posted of the developments. The diarized report, photographic/video evidence and other documents & connected papers are handed over to the RAF Control Room for records.

RAF has been the most reliable force of India to deal with the riot or riot like situation. It has distinction to train armed forces from different states like Bihar military police, Rajasthan Armed Constabulary etc.

Due to its impartial and secular nature the RAF units are first choice of states during mob violence. History is witness to the remarkable achievements of RAF during mob violence or riot like situation. Many riots which seemed uncontrollable were reined by RAF in India. It will be pertinent to mention few of them as follows.

- Handling of post Babri Mosque situation
- Controlling of Aligarh Riot in 2006
- Controlling of farmer's movement in 2010 in Tappal
- Controlling of Jaat Movement in 2011 in UP
- Controlling of Jaat Movement in 2012 in Haryana
- Controlling of major riot in Kosi Kala, Mathura in 2012
- Controlling of Muzaffarnagar and Meerut riot in 2013
- Handling of Anti CAA protest in Delhi 2018-19
- Handling of Farmer agitation in Delhi 2021-22

RAF has become requirement of the day due to the growing discontent in society. Every now and then one can witness protest or demonstration for one reason or other. India needs to have ten more RAF units to complement existing units as these are not sufficient to cater the needs of states sometimes.

नक्सल विरोधी अभियानों के संचालन के लिए कोलाईगुडा एफ.ओ.बी. (फॉरवर्ड ऑपरेटिंग बेस) कैम्प

श्री अमित कोचर, उप कमाण्डेंट
50 बटा, केरिपुबल

50 वीं वाहिनी के.रि.पु.बल को लालगढ़, पश्चिम बंगाल के अति संवेदनशील नक्सलवाद ग्रस्त ईलाके के इंजीराम-कोलाईगुडा, जिला सुकमा, छत्तीसगढ़ में दिनांक 22/02/2021 से तैनात किया गया है। इस वाहिनी की सभी कम्पनियां पुलिस थाना भेजी, जिला सुकमा, छत्तीसगढ़ के अंतर्गत तैनात हैं। यह इलाका अति संवेदनशील तथा नक्सलियों का आई.ई.डी. प्रोन एवं रेड जोन कोर क्षेत्र माना जाता है और इस क्षेत्र में नक्सलियों का काफी प्रभाव है।

पुलिस महानिरीक्षक, के.रि.पु.बल छत्तीसगढ़ सेक्टर तथा पुलिस उप महानिरीक्षक (परिचालन), के.रि.पु.बल कोंटा के दिशा-निर्देशानुसार भेजी पुलिस थाना के अंतर्गत वाहिनी के द्वारा कोलाईगुडा में चुनौतीपूर्ण एवं नये एफ.ओ.बी. कैम्प को नक्सल विरोधी अभियान के संचालन के उद्देश्य से स्थापित किया गया है। यह सर्वविदित है कि यह क्षेत्र अति संवेदनशील तथा नक्सलियों का गढ़ है तथा इसकी दूरी वाहिनी मुख्यालय से 32 किमी है।

कोलाईगुडा एफ.ओ.बी. (फॉरवर्ड ऑपरेटिंग बेस) कैम्प को स्थापित करने का कारण तथा आवश्यकता यह है कि नक्सल विरोधी अभियानों तथा चुनौतीपूर्ण तैनातियों को रोडमैप के जरिए सामरिक तौर पर लागू किया जा सके, कोंटा-चिंतागुफा-दोरनापाल त्रिकोण को पूर्ण करने के लिए एवं नक्सली गतिविधियों पर लगाम कसी जा सके, कार्यरत तथा मौजूद नक्सली टुकड़ियों का दबदबा कम कर उन पर अंकुश लगाना तथा उन्हें इस क्षेत्र से खदेड़ना, कोंटा एल.जी. एस. के प्रभुत्व वाले तथा खतरे वाले कोलाईगुडा के इलाकों को नक्सल-मुक्त कर कानून एवं व्यवस्था को स्थापित करना और इस क्षेत्र को पूर्ण नक्सल-मुक्त करना।

योजनाएं

राज्य पुलिस के साथ मिलकर नक्सलियों की गतिविधियों के बारे में जानकारी को प्राप्त कर उन्हें खदेड़ने हेतु विविध प्रकार की योजनाओं को अंजाम देना तथा संयुक्त परिचालन अभियान चलाना। पुलिस उप महानिरीक्षक, के.रि.पु.बल (परिचालन) कोंटा के साथ मिलकर नक्सलियों की गतिविधियों को कुचलना तथा उनके खिलाफ शीर्ष

अभियान को चलाना। नक्सल गतिविधियों तथा उनके द्वारा अपनाई जा रही नई-नई रणनीतियों, नफरी, उनके हथियारों, हमला करने के तरीकों, नक्सलियों के प्रशिक्षण आदि के बारे में उच्च अधिकारियों के द्वारा समवाय स्तर पर ब्रीफिंग कर उन्हें क्षेत्र में हो रही सूचनाओं से अवगत कराना। नक्सलियों की गतिविधियों को कम करने तथा उन्हें इस क्षेत्र से खदेड़ने हेतु मिलकर अंतर्गत खुफिया तथा पुख्ता योजनाओं को अंजाम देना। नक्सल विरोधी अभियानों के संचालन एवं सुरक्षा बलों/स्थानीय प्रशासन के प्रशासनिक तथा परिचालनिक संचालन हेतु आवश्यक रास्तों के निर्माण कार्य हेतु सुरक्षा उपलब्ध कराना। नक्सल प्रभावित क्षेत्रों में आवश्यकता के अनुसार उन पर अंकुश तथा उनकी गतिविधियों पर लगाम कसने हेतु सुरक्षा बलों का संचालन बढ़ाना तथा आवश्यकतानुसार नये कैम्पों को स्थापित करना। नक्सल प्रभावित क्षेत्रों में जहाँ-जहाँ निर्माण कार्य जारी है वहाँ पर सुरक्षा प्रदान करवाना। उच्च कार्यालय के द्वारा दिनांक 10/12/2021 को चलाए गये खुफिया ऑप्स योजना में निम्नलिखित टुकड़ियों को कोलाईगुडा पोस्ट की बाहरी परिधि वाले क्षेत्र में 07 पोस्टों पर तैनात किया गया था जिसका विवरण निम्न प्रकार से है।

1. युवा प्लाटून-228 बटा0
2. युवा प्लाटून-217 बटा0

नक्सल विरोधी अभियान के संचालन हेतु नये एफ.ओ. बी. (फॉरवर्ड ऑपरेटिंग बेस) कैम्प स्थापित करने हेतु श्री आर.के. ठाकुर पुलिस उप महानिरीक्षक (परिचालन) रेंज कोंटा, श्री सुनिल शर्मा, आई.पी.एस., एस.पी. सुकमा तथा श्री एन.पी. सिंह (पी.एम.जी) कमाण्डेंट- 50वी वाहिनी के

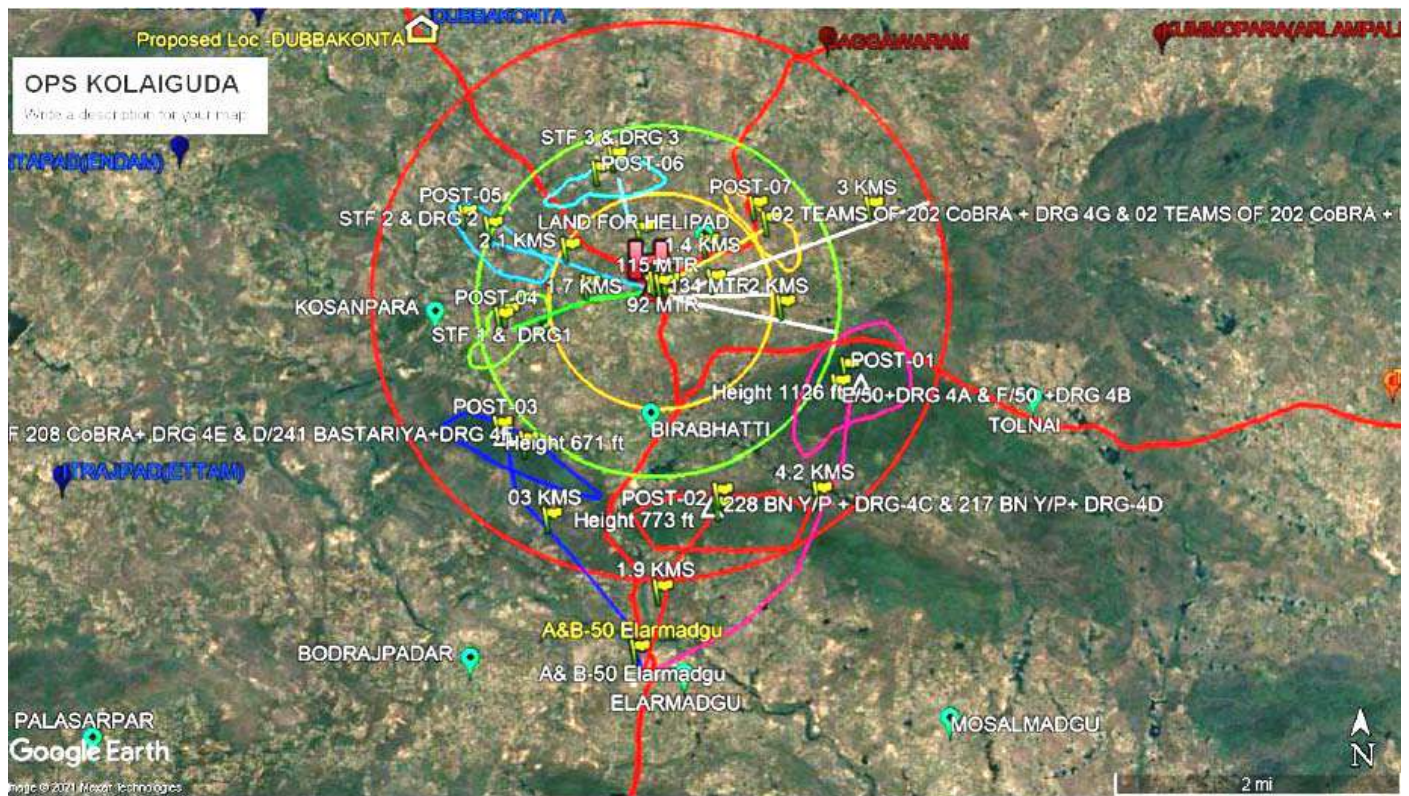

पर्यवेक्षण तथा दिशानिर्देशों के साथ सी/50 तथा डी/50 के सैनिकों की टुकड़ी ने डी.आर. जी के साथ भेजी कैम्प से 1430 बजे कोलाईगुडा के लिए प्रस्थान किया तथा 1915 बजे नक्सलग्रस्त अतिसंवेदनशील कोलाईगुडा स्थित कैम्प में सुरक्षित पहुंचे।

यह विदित है कि किस्ताराम से ईलारमाडगु, चिंतागुफा से भेजी, पोलापल्ली से भेजी तथा एंटापाड से डब्बाकोंटा तक नक्सलियों के आवागमन तथा सुरक्षा बलों/पुलिस के खिलाफ कार्यवाही करने हेतु इस क्षेत्र का गेट-वे के रूप में

प्रशासनिक अवरोध तथा जीवनावश्यक सुविधाओं की कमी

इस क्षेत्र में के.रि.पु.बल के द्वारा स्थापित किए गए एफ.ओ.बी. कैम्प में संचार सुविधाएं स्थापित नहीं हैं तथा इस क्षेत्र में बिजली की सुविधाएं उपलब्ध न होने के कारण इसलिए सुरक्षा बलों के कैम्प की सुरक्षा को ध्यान में रखते हुए आवश्यकतानुसार डीजल जनरेटर सेट का इस्तेमाल किया जाता है। इस क्षेत्र में पानी की सुविधाएं उपलब्ध नहीं होने के फलस्वरूप यहाँ पर बोरिंग से पानी उपलब्ध करवाया जाता है।

कोलाईगुडा में तैनाती की योजना

इस्तेमाल किया जाता है। यह क्षेत्र नक्सलियों का गढ़ माना जाता है। नक्सली यहीं से सुरक्षाबलों के खिलाफ अभियान की अगुवाई करना, सुरक्षाबलों की आसूचना हासिल करना, नक्सली प्रशिक्षण शिविरों को कार्यान्वित/ संचालन करना आदि हरकतों को यहीं से अंजाम देते हैं। भेजी से चिंतागुफा के बीच नक्सलियों तथा उनके छोटे-छोटे ग्रुप की हो रही हरकतों पर लगाम लगाने तथा इस क्षेत्र से उनका सफाया करने के उद्देश्य से कोलाईगुडा पोस्ट को स्थापित किया गया है। जिसमें लगभग एक महीने से ज्यादा का समय लगा।

सुरक्षाबलों को इस क्षेत्र में मिलने वाली चुनौतियां तथा नक्सलियों के हमलों की प्रवल संभावनाएं

जिला सुकमा छत्तीसगढ़ का इंजीराम से लेकर चिंतागुफा एक ऐसा अति संवेदनशील क्षेत्र है जहाँ से नक्सली सुरक्षा बलों पर हमलों की योजना बनाकर अंजाम देते हैं। तैनात सुरक्षा बलों तथा स्थानीय प्रशासन के द्वारा कार्यरत नक्सलियों को मिलने वाली हर एक मदद तथा आसूचना को नाकाम करने हेतु सार्थक प्रयास किये जा रहे हैं जिससे आस-पास के गांव तथा स्थानीय नागरिकों में नक्सलियों का बना दबदबा कम किया जा सके तथा स्थानीय जनता को सरकार के द्वारा चलाए जा रहे कार्यों से सरकार के प्रति विश्वास को हासिल करने हेतु जागरूक

बनाया जा सके। कोलाईगुडा में स्थापित नया एफओबी कैम्प एक ऐसा महत्वपूर्ण इलाका है जहां पर नक्सलियों का ठिकाना है एवं यह क्षेत्र भेजी-चिंतागुफा तक पीएलजीए द्वारा सुरक्षाबलों तथा पुलिस के खिलाफ की जा रही कार्यवाही को चिन्हित करता है। कुछ माओवादी कैडरों ने यहां पर अपना दबदबा बनाया हुआ है एवं अपनी कार्यवाहियों के लिए हमेशा तैयार रहते हैं। यहां पर स्थित तीन पहाड़ियां मुर्को मेट्टा, गोरारज मेट्टा और कनपतंजु मेट्टा सुरक्षा बलों के लिए बहुत ही महत्वपूर्ण है एवं नक्सलियों पर नकेल कसने की दृष्टि से बहुत ही महत्वपूर्ण हैं। एलारमाडगु कैम्प से कोलाईगुडा तक आरसीएसओ ड्यूटियां लगाकर निर्माण कार्य करवाये जा रहे हैं जिनमें छोटे ब्रिज/रोड आदि कार्य बहुत ही महत्वपूर्ण हैं। नए एफओबी कैम्प की स्थापना होने की तिथि से अब तक निम्नलिखित तिथियों को कैम्प पर नक्सलियों के द्वारा फायरिंग की जा चुकी है जिसका करारा जवाब 50वीं वाहिनी के जवानों, स्थानीय पुलिस, कोबरा तथा डीआरजी के द्वारा डटकर दिया गया। माओवादियों ने दिनांक 17/12/2021 को कैम्प की परिधि वाले क्षेत्र में सुरक्षा टीमों पर हमला किया और दिनांक 30/12/2021 एवं 01/01/2022 को सुरक्षा बलों की टीम पर फायरिंग की। दिनांक 12/01/2022 को बीजीएल से कैम्प पर फायरिंग किया।

नये स्थापित सुरक्षा कैम्प का असर

नक्सल विरोधी अभियान के संचालन के उद्देश्य से स्थापित नए एफ.ओ.बी. कैम्प के कारण इस क्षेत्र में स्थानीय जनता, पुलिस तथा सुरक्षा बलों के आवागमन में वृद्धि हो रही है। जिससे सरकार, स्थानीय प्रशासन, पुलिस तथा सुरक्षा बलों के प्रति जनता का विश्वास बढ़ रहा है और पहले से ज्यादा स्थानीय लोग इन क्षेत्र में आवागमन करते दिखाई दे रहे हैं तथा सरकार के द्वारा चलाए जा रहे कार्यों के चलते इन क्षेत्रों में जीवनावश्यक बदलाव तथा सुधार देखने में आ रहे हैं। नये स्थापित कोलाईगुडा कैम्प की स्थापना के कारण भेजी से डब्बाकोंटा नाला तक कुल 13 किमी तक की सड़क निर्माण कार्य में वाहिनी के द्वारा सुरक्षा ड्यूटी में अहम भूमिका निभाई है। भेजी से ईलारमाडगु सड़क मार्ग का अंतर कुल 05 किमी है जिसका निर्माण कार्य पूर्ण किया गया है। एलारमाडगु से बीरभट्टी सड़क मार्ग का अंतर कुल 1.8 किमी निर्माण कार्य प्रगति पथ पर है। कोलाईगुडा से बीरभट्टी सड़क मार्ग कुल 3.5 किमी निर्माण कार्य पूर्ण किया जा चुका है। कोलाईगुडा से डब्बाकोंटा का अंतर कुल 1700 मीटर निर्माण कार्य पूर्ण किया जा चुका है।

परिचालनिक उपलब्धियां

50वीं वाहिनी की समवायों के द्वारा कोलाईगुडा पोस्ट की स्थापना करने पर बीरभट्टी तथा कोसनपारा की स्थानीय जनता का विश्वास सुरक्षा बलों तथा सरकार के प्रति बढ़ रहा है। वाहिनी के द्वारा चलाए जा रहे सिविक एक्शन प्रोग्राम की स्थानीय जनता के द्वारा सराहना की

जा रही हैं। इस क्षेत्र में शांति कानून व्यवस्था तथा सुरक्षा व्यवस्था को पुनः स्थापित करने हेतु वाहिनी कटिबद्ध हैं। आसूचना के आधार पर विभिन्न प्रकार के परिचालनिक ऑपरेशन नक्सलियों को खदेड़ने हेतु लगातार चलाये जा रहे हैं। इन इलाकों में के.रि.पु.बल/कोबरा तथा डीआरजी के व्यापक प्रवेश हेतु नई अग्रिम कार्यवाहियां करना। सरकार के द्वारा निर्गमित सरकारी योजनाओं तथा परियोजनाओं को स्थापित करने हेतु सुरक्षा मुहैया कराना। स्थानीय मिलिशिया मेम्बर्स को सरकार की योजनाओं के प्रति जागरूक करना, उन्हें विश्वास में लाना तथा उन्हें सम्मोहक योजना के तहत सरेंडर करने हेतु प्रेरित करना। नए एफओबी कैम्प डब्बाकोंटा की स्थापना होने पर भेजी से चिंतागुफा तक सुरक्षा प्रदान करना। पृथक प्रयासों के तहत चिंतागुफा-दोरनापाल-कोंटा त्रिकोण को नक्सल गतिविधियों तथा अभियानों से मुक्त करना। भेजी से चिंतागुफा तक लिब्रेटेड इलाके में नक्सलियों की मजबूत गतिविधियां होने कारण कोलाईगुडा कैम्प को स्थापित किया गया है ताकि नक्सलियों की हो रही गतिविधियों, प्रशिक्षण आदि पर नियंत्रण पाया जा सके तथा उनके उपर नकेल कसी जा सके। कैम्प की स्थापना होने के उपरांत आरसीएसओ ड्यूटी द्वारा एलारमाडगु से डब्बाकोंटा तक रोड निर्माण का कार्य सुचारु रूप से किया जा सकेगा। 50वीं वाहिनी के द्वारा सिविक एक्शन प्रोग्राम के तहत स्थानीय जनता में सुरक्षा बलों के प्रति विश्वास स्थापित करने हेतु 03 चिकित्सा चेकअप कैम्प का आयोजन इन अति संवेदनशील जगहों पर गांव के स्थानीय नागरिकों के लिए आयोजित किया गया था। सिविक एक्शन प्रोग्राम का आयोजन समय-समय पर स्थानीय जनता तथा स्थानीय पुलिस प्रशासन के बेहतर समन्वय हेतु आयोजित किया गया है। 50वीं वाहिनी के नए कैम्प स्थापित होने के उपरांत स्थानीय जनता का सुरक्षा बलों तथा सरकार के प्रति नजरिये में बदलाव देखने में आया है। स्थानीय जनता का सुरक्षा बलों तथा सरकार पर विश्वास बढ़ रहा है। इस वर्ष प्रजासत्ताक दिवस पर दिनांक 26/01/2022 को 23 एक्टिव नक्सली/मिलिशिया मेम्बर्स जिनमें 08 महिलाएं शामिल थीं, ने कोलाईगुडा कैम्प में के.रि.पु.बल के उच्च अधिकारियों तथा एस.डी.पी.ओ कोंटा के सम्मुख आत्मसमर्पण किया गया। दिनांक 30/01/2022 को 03 सक्रिय नक्सली मेम्बर्स के द्वारा 50वीं वाहिनी, 219वीं वाहिनी, 241वीं वाहिनी तथा छत्तीसगढ़ पुलिस/डीआरजी के सम्मुख नये कोलाईगुडा कैम्प में आत्मसमर्पण किया गया जिसे स्थानीय समाचार पत्रों में प्रकाशित किया गया है। दिनांक 05/04/2022 को 01 सक्रिय मिलिशिया, जिसका नाम पोडीयम सोमदा उम्र-30 साल, के द्वारा कोलाईगुडा कैम्प में आत्मसमर्पण किया गया है। दिनांक 04/05/2022 को 01 डीएकेएमएस का मुखिया, नाम सोदी सोमदा उम्र-28 साल, जिसके ऊपर एक लाख का इनाम घोषित था, के द्वारा कोलाईगुडा कैम्प में आत्मसमर्पण किया गया है। दिनांक 21/05/2022 को बीरभाटी गांव के 08 सक्रिय नक्सलियों के द्वारा कोलाईगुडा कैम्प में आत्मसमर्पण किया गया है।

FOB Potakpalli: A Milestone Achieved...

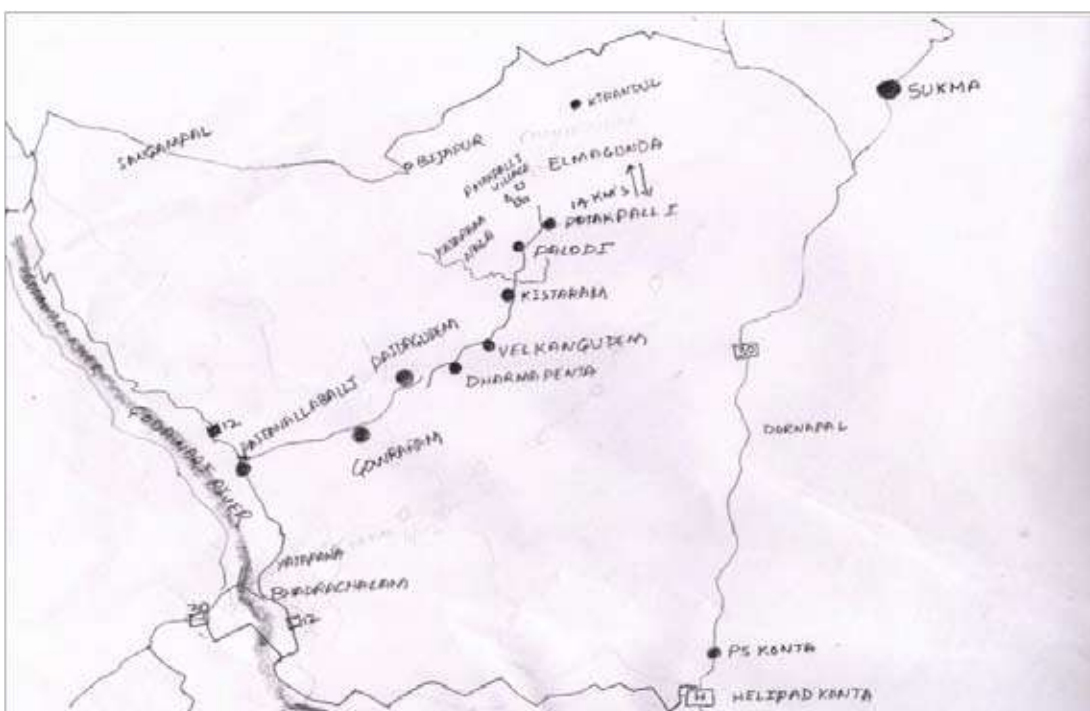

Kumar Alok, Second-In-Command
212 Bn. CRPF, Konta

Name of a place carries a mental picture, a history, an aura and leaves you in comfortable or uncomfortable vibes; when referred to. The vibes depend upon the memories associated with the place as an individual or as an organization. In the two decades of operational history in the red zone of Bastar; some places have engraved a never lasting impression in the heart and minds of peacekeepers of the nation. These are the places that remind us how we are maintaining the peace of nation; at the cost of personal and organizational peace. Sometimes we take pride taking these names as these very names are the credentials of our integrity, our love for the motherland. While at other times; it brings back the faces of those brave hearts for whom; we dedicate our two minutes of silence. In those two minutes we assure them that we are here to carry forward their mission, their dream for the motherland. This is our way of paying tribute. There is another way as well. Regaining and holding

the ground firmly; where; they had left the mission unfinished. And that we did in Potakpalli.

Potakpalli; a village of around hundred houses is like any other villages of Dandkaranya. The same tamarind trees, the same toddy palm, the same butter tree, the same busy morning, the same relaxed afternoon and the same early evening. But this quiet looking village has witnessed some of the most infamous episodes of the naxal violence.

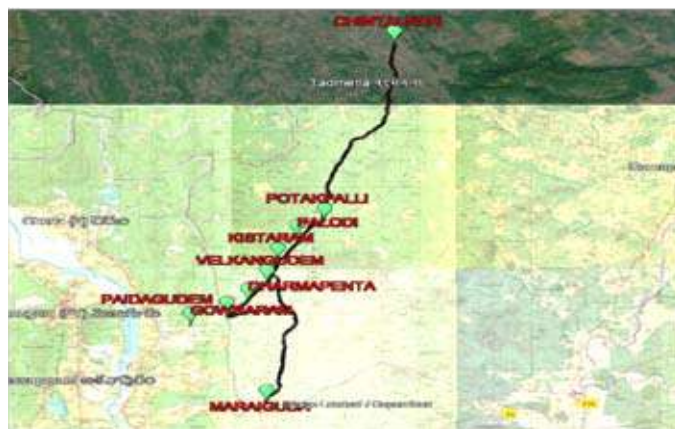

Situated in the southern part of district Sukma; it's an important landmark of the Golapalli-Kistaram-Chintalnar axis under PS Kistaram & Police subdivision Konta. The axis is known after the name of the road popularly known as CM road (Chintalnaar-Maraiguda road).

EYE SKETCH OF THE GENERAL AREA

The general area shares boundaries with neighboring states of Andhra & Telangana. Once the stronghold area of the naxals; was used to be their training ground as there was very thin deployment of forces in the area. In fact, Grey Hound was more frequent in the area than any forces from Chhattisgarh side. Though it was well within the geographical limits of CG; the approach routes were from the southern side i.e., from Andhra & Telangana side. This opened the door for Telugu speaking middle order leader of naxals in the area. Telugu leaders and local guerillas made an unusual combination.

Hence it was thought upon to connect the southern Sukma to district headquarter as well as to the neighbouring districts of Bijapur & Dantewada so that the development face of the government reaches the area directly and not via two different states. If you want to visit Potakpalli from district headquarter Sukma, you have to travel around two hundred and twenty kilometers via Konta-Bhadrachalam-Paidagudem, whereas the direct route is just hundred kilometers via Dornapal-Minpa- Elmagunda. Hence the idea; basically, is to open the CM road.

AOR ON SOI MAP SHEET

Process started in the year 2017 by inducting 212 Bn CRPF & 208 CoBRA in the area. First camp was established at Paidagudem (Just on the border of Telangana and Chhattisgarh); followed by Dharmapenta, Velkangudem, Kistaram and Palodi in 2018. But by then naxals sensed the eminent survival issue for them and started resisting the process of further expansion of the axis. In between 2017 to the opening of new camp there were altogether twenty

EOF/incidents; resulting in pressing of pause button in the process. Message from naxal side was very clear,".....not beyond Palodi"

After holding firmly, the Palodi camp for nearly one year, this assignment was again rose in the; to do list. But it took almost three years to execute the plan on ground. A camp approved and sanctioned in the year 2016 was to be established in 2022. A three-tier plan was prepared by DIG (Ops) Konta; Sh. Rajeev Kumar Thakur, Commandant 212; Jagdish Prasad Balai & Commandant 208 Sh. Jitendra Kumar Ojha. Constructing first half of the road from Potakpalli to Palodi was an important & time taking assignment that could not be done simultaneously with the establishment of camp. Hence this was done in the first phase during the month of June 2021 in a record time of Just eighteen days. Now the road between Palodi to Kaduti (a small but dominating height just in between Palodi and Potakpalli) was made motorable. But as expected Naxals cut this road at seven places on 21st of September 2021, but again, as planned; the patching work took just few hours on the D Day, 9th of February; 2022.

ROAD CONSTRUCTION ON D DAY

Now for the next six months, the general area of Potakpalli was dominated by both 208 & 212 with continuous operations as well as extensive CAP. This inculcated sense of security in the residents of Potakpalli. Outcome; when we reached the camp site on D Day; contrary to the general trend, we didn't face any resistance from them. Rather they came forward with helping hands. This was the second phase of the process.

CAP BY 212 BN CRPF

CONSTRUCTION OF BARRACK

Then; it was the turn of third phase; that is establishment of camp. Process started on 30th of January 2022 with the series of meetings with all the stakeholders in the office of ops range Konta. 4th of February was the day of briefing by DIG (Ops) Konta. 9th of Feb was finalized as "D" day.

Collective effort of fourteen hundred men in uniform, sixty days of continuous LUP under the scorching heat of March & April, round the clock construction work with three hundred work force for almost three months, nine failed attempts of security breach by Naxals, detection of six IEDs during duty, apprehension of two naxals & surrendering of twenty-four militia members during the process; completing the five kilometer stretch of strategically most important SH 5 in a record time of just three months & that too; with two bridges and ten culverts, are just the few components of story; not the complete one.

FOUNDATION STONE OF FOB POTAKPALLI

This was the biggest event of last few years in SOZ. Venturing into the; so-called heartland of naxals; that too in such a large number. And; not for returning to base but to establish the base there itself.

BGLs FIRED BY NAXALS

AFTER THREE AND HALF MONTHS

The story has much more than this fact and figures. Beside all those it's the story of highest degree of professionalism displayed by the officer and men of ops range Kanta in the form of

- meticulous planning
- perfect assessment of threat perception
- infallible strategy
- flawless execution
- picture perfect synchronization among the stake holders
- sharp and on-ground supervision by the senior officers &
- ever- lasting commitment and determination of the ground troops.

VISIT OF DG CRPF ON 22/05/22

And why it's termed as the milestone in operation against naxals? What exactly does it mean? And the answer is...

It is like holding the ground firmly in the headquarters of Naxals. It is like you have deployed a traffic police on the busiest crossroad of naxal traffic. It is like; you have challenged their authority right in their house. It is like you have started separating the fish from water by making the people of area, pro-police. It is like you have squeezed them into a small circle of less than hundred square kilometer. It is like you have moved one step ahead in opening up the CM road with just fifteen kilometers of left out area.

And last; but not the least; It is our tribute to the three brave hearts of 208 COBRA, who made supreme sacrifice on 3rd March 2016 at the very ground, where the camp has been established now.

**“शहीदों के चिताओं पे जुड़ेंगे हर वर्ष मेले
वतन पे मरनें वालों का यही बाकी निशा होगा”**

Before putting my pen down, I would like to express my sincere gratitude towards men & officers of all the units of Range Kanta i.e. 50, 151, 217, 219, 228, CoBRA 202 & CoBRA 204 for extending the hand of support, the hand of fraternity, the hand of solidarity with a message that, “Yes we are with you in all the odd, against all the adversaries”. This “Story” could not have been a “Success Story” without you all. But again; this is what we are known for. Thanks again. Jai Hind.

CPI (Maoist): A Continuing Menace

Amit Deswal, Asst. Comdt,
CRPF, ISA, Mount Abu

In 2004, with the merger of the Maoist Communist Centre of India and the People's War Group came into existence the most powerful and dreaded Maoist group in India- Communist Party of India (Maoist) i.e. CPI(Maoist).

History of CPI (Maoist):

We have to take note that the CPI (Maoist) is different from both the CPM and CPI. Both of the parties, CPM – Communist Party of India (Marxism) and CPI – Communist Party of India, believes in Marxist ideology but want to bring change through the political process by participating in democratic elections and working within the ambit of the Constitution of India.

To minutely understand the difference, let's take a look into history. The Communist Party of India was formed in the year 1920. After the independence of India, the CPI participated in democratic elections with the aim of increasing influence and bringing change in society. It partially succeeded in its aim and had a major sway in politics in the states of Kerala, Tripura and West Bengal. In the year 1964, due to ideological issues CPI got split and with this, CPI (Marxist) was formed. Although CPI (Marxist) is more leftist (relatively) than CPI, it works within the framework of India's Constitution.

In the year 1967, the Naxalbari turmoil in West Bengal and a general instability present in the country at that time, the CPI (Marxist) was again divided, which gave rise to the formation of CPI (Marxist-Leninist), the CPI (ML). Not only the radical elements of CPI (Marxist), but that of other civil society groups/political parties existing at that time in India, were too part of CPI (ML). Unlike its predecessor leftist parties, this

group resorted to violent means to bring on the change dictated by its ideology, which was heavily dependent on the Chinese Communist Model and Mao-Tse-tung. There were credible intelligence reports at that time that this movement had direct and indirect support from the People's Republic of China and Pakistan. On 5th July 1967, People's Daily (an organ of the Central Committee of the Communist Party of China) published an article '**Spring Thunder over India**' in which Naxalites were hailed as revolutionaries and concluded with "*great storm of revolutionary armed struggle will eventually sweep across the length and breadth of India is certain. Although the course of the Indian revolutionary struggle will be long and tortuous, the Indian revolution, guided by great Marxism-Leninism, Mao Tse-tung Thought, will surely triumph*". This clearly shows the moral support for the Naxals from China. With all of the support from inside and outside of the country, violent radicalized leftist cadre from all over the country joined this group, and what followed was the mindless, brutal killings in the streets of Calcutta and industrial strikes in West Bengal. All of this led to widespread socio-economic problems in West Bengal especially with youth who were now having no opportunities for jobs and to move forward. This caused not only fear in the general public, but also a shift in factories and industries as jobs and opportunities to other states. Finally in the year 1971, Army and Paramilitary forces jointly launched the operation 'Steeplechase' which broke the backbone of this violent movement by either annihilation or arrest of the leadership. With no leadership, there was a steep decline. Fast-forward to the year 2022, and the CPI (Maoist) still remains a challenge to the Indian State.

CPI(Maoist) Strategy and Organizational Structure:

Let's have a look into the documentation prepared and released by **the CPI (Maoist) –Strategy and Tactics of the Indian Revolution -Central Committee (P) CPI (Maoist)**. In this document, they had envisioned themselves as the 'real' representative of India and call democratic India- 'a bourgeois, semi-feudal, and imperialist state'. They aim to bring a new democratic revolution and hoist the red flag on the Red Fort. All this will be done by waging a protracted war that will be long and drain all the resources of the current government. They believe in the doctrine of Mao, which states that inferiority in arms and other things can be made up by relying on the mobilization of the vast masses.

Lenin -"The Proletariat, in its struggle for power, has no weapon other than organization."

If we examine its organizational structure (Reference document - Party Constitution Central Committee (P) CPI (Maoist)-2004) which covered every minute details of its goals, organizational structure, functioning, financial aspects, and membership rules. We can say that the CPI (M) organization can be divided into two parts- Civilian and Military. It appears that, taking a cue from the dark history of civil and military tussle for dominance in Indian Sub-Continental Countries, they specifically mentioned civilian leadership precedence over military leadership in their documentation. The

topmost decision making body is the CC- Central Committee, which consists of 20-40 members and meets once or twice every year. General Secretary is the highest position which is decided by the CC. The CC is elected by the Party's Congress, which meets every 5 years (time period may be extended depending on the situation). Below the Central Committee there will be Special Area Committee/Special Zonal Committee/State Committee; Regional Committee; Zonal Committee/District/Divisional Committee; Sub-Zonal/Sub-Divisional Committee; Area Committee; local level committees such as village/Basti/Factory/ College party committee. The Town and city committee are to be formed and the concerned higher committee decides the status of the committee.

A genuine question thus arises: how are decision taken which require immediate attention? Definitely not by the Central Committee as its meeting time (every year) and large number of members (comparatively) make it unsuitable to practically take immediate decisions. So, another committee-Politbureau, which is

elected by the CC and contains around 10-20 members took decisions on behalf of the CC. Whenever the CC meets, all the decisions taken by the Politbureau are reviewed and amended accordingly.

Present Status:

Since its inception, CPI (M) has been involved in major attacks on security forces in LWE affected states. As per the figures from MHA, between 2004 and 2020, 8380 people have been killed by the LWE in different parts of India. Also, as per the information given by the government in the Lok Sabha, the Left-Wing Extremism (LWE) affected districts covered under the Security Related Expenditure (S.R.E) scheme were reduced from 126 to 90 in April, 2018 and further to 70 in July, 2021. In response to a Rajya Sabha question in Sep, 2020, MHA provided details of SF personnel, civilians, and LW Extremists killed and surrendered since 2015. Below is the table which contains the data:

	2015	2016	2017	2018	2019	2020
SF Personnel Killed	59	65	75	67	52	34

Passing out Parade of CRPF –Bastriya Battalion which comprises of youths, mostly scouted from the four highly naxal infested Bijapur, Dantewada, Narayanpur and Sukma districts of Chhattisgarh

If we look at the overall data, assess it and come to a conclusion. It may seem to us that they have weakened, but the ground reality is that they still hold on to their strong base and it has not been completely lost to them. We must be extra cautious at this crucial juncture. As recently as on 3rd April, 2021, 22 security personnel were killed in an attack by the Maoists in the Bijapur district, Chhattisgarh. The deceased included seven from our elite, Commando Battalion for Resolute Action and 15 from Chhattisgarh Police. If we look at the history of this movement, it has shown us that wherever they are getting weaker, they try to shift the base to another location where following conditions satisfies:

- Social- Economic Disparity

- Interstate Boundary location (Preferably Tri-junction State Boundaries)
- Terrain (Ideal for Guerilla warfare)
- Exploitation/discrimination of a particular class/ religion/group

So, our approach should not only be in the uni-direction to finish the menace in the LWE affected states but should have a wider view, like that of a chess player who knows how to think ahead and subsequently move the pieces in the game so as to ultimately checkmate the enemy. As the leading force in internal security, and with the resources at our disposal, the CRPF must finish the ongoing threat and put the final nail in their coffin.

जीवन एक कर्म पथ है

जीवन क्या है, कर्म पथ है
अनंत सफर का अविचल रथ है..
अविरल चलता रहता है
समय का इतिहास लिए..।

मन में एक उल्लास लिए
उम्मीदों की हर आस लिए..
अब कर्म पथ पे निकला हूँ
संकल्पों का विश्वास लिए..।

बाधायेँ राहों में रोकेंगी
मुश्किलें भी कुछ टोकेंगी..
बस बढ़ता ही चला जाऊँगा
मंजिल पाने की आस लिए..।

रास्ते भी कंटकाकीर्ण होंगे
आशाएं भी कुछ क्षीण होंगी..
रुक कर हार नहीं मानूँगा
चला हूँ आत्मविश्वास लिए..।

बन कर्मयोगी आगे बढ़ा
तूफानों से हूँ कब डरा..
बढ़ते जाना ही जीवन है
रुकना नहीं अविश्वास लिए..।

जो हारा नहीं बाधाओं से
विचला नहीं दुविधाओं से..
वो लक्ष्य अपना पाता है
सफलता का आश्वासन लिए..।

जीवन में वो रुक जाते हैं
जो कर्म नहीं निभाते हैं..
भाग्य भी साथ निभाता है
जो जीते नहीं अंधविश्वास लिए..।

जीवन धारा सी बहती है
रह मौन नहीं कुछ कहती है..
सब खेल है 'अजुम' साँसो का
रुक जाती जब निःश्वास लिए..।

किसका विश्वास करूँ

किसका विश्वास करूँ, किसका विश्वास करूँ
प्रबल चुनौती सम्मुख मेरे, किधर को पांव धरूँ
किसका विश्वास करूँ, किसका विश्वास करूँ

जन्म मिला मानव का मुझको, इंसानियत का ताज मिला
ईश्वर की फिर कृपा हुई तो हृदय में प्रेम का पुष्प खिला
पुष्प की खुशबू जग में फैली नहीं किसी ने पहचाना
मानवता का हास हुआ और दानवता सबने जाना
दानवता को फिर इस युग से कैसे दहन करूँ
किसका विश्वास करूँ, किसका विश्वास करूँ

निर्मलता फिर बचपन जैसी अब कैसे मैं पाऊँ
निर्भयता से मस्त खुशी से फिर से कैसे गाऊँ
भेदभाव से इस जीवन को कैसे अलग करूँ
किसका विश्वास करूँ, किसका विश्वास करूँ

खिन्न हुआ मन भौतिकता से, प्रकृति की मैंने शरण लिया
शांति की खोज में निकल पड़ा और प्रकृति की गोद में सो गया
नदी पहाड़ फूल झरना और ऋतुओं के संग खेला
चिड़ियों के संग गाना गया, मोरों ने फिर नाच सिखाया
समय बीतता गया अचानक ऐसा दिन फिर आया
जब रहस्य का पता चला तो बैठा, रोया, पछताया
पल पल में नश्वरता जग में अब मैं कहाँ रहूँ
किसका विश्वास करूँ, किसका विश्वास करूँ

दसों दिशाओं में फिर भटका, माया ने फिर भटकाया
घोर निराशा छाई मन में, कुछ नहीं हाथ में आया
सोचा अब मैं किधर को जाऊँ कौन है मेरा अपना
समझ लिया मैंने इस जग को, जग केवल एक सपना
जिसको अब तक भूल चुका था, उसी को फिर से पहचाना
परमपिता परमेश्वर को ही जग का स्वामी जाना
कण-कण में जो व्याप्त, उसी का अब गुणगान करूँ
किसका विश्वास करूँ, किसका विश्वास करूँ
