शौर्य दिवस के अवसर पर श्री राजनाथ सिंह, माननीय केन्द्रीय गृहमंत्री का भाषण

श्री हरि भाई जी चौधरी, Director General CRPF, श्री प्रकाश मिश्र, Director IB श्री दिनेश्वर जी मिश्र और स्पेशल डीजी श्री दुर्गा प्रसाद और इस समारोह में उपस्थित सभी पैरामिलिटरी फोर्स के Director Generals, अन्य अधिकारी गण, मेरे बहादुर जवानों और उनके

परिवार के सदस्यों जिस समय मुझे जानकारी प्राप्त हुई कि जिन हमारे सीआरपीएफ के जवानों ने अपने शौर्य और पराक्रम का समय-समय पर परिचय दिया है, आज उनको यहां पर मैडल दिए जाएंगे, और मुझे उस समय उपस्थित रहना है। मित्रों मैं हृदय की गहराइयों से कहना चाहता हूँ कि मैंने इस काम को करने में गौरव की अनुभूति की है, और इसीलिए खड़े-खड़े मैंने यह सोचा कि यदि मैं गौरव की अनुभूति कर रहा हूँ तो हमारे सहयोगी श्री हरि भाई चौधरी भी इससे वंचित नहीं रहने चाहिए। इसीलिए मैंने कहा कि मैडल्स का Distribution उनके माध्यम से भी होना चाहिए।

जहां तक सीआरपीएफ और दूसरी पैरामिलिटरी फोर्स का सवाल है, पिछले 10 महीने में बहुत ही नजदीक से हमने देखा है और मैं कह सकता हूँ कि एक दिन आपकी शौर्य गाथा नहीं है। सरदार पोस्ट पर हमारे जवानों ने जो कुछ भी किया है, अपनी जान हथेली पर लेकर भारत की सीमाओं की सुरक्षा की है। भिन्न भिन्न जिम्मेदारियों का निर्वहन करते हुए समय समय पर जो भी हमारे जवान शहीद हुए हैं, मैं शीश झुका कर उनको नमन करना चाहता हूँ और मैं प्रशंसा करता हूँ उन शहीद जवानों के परिवार के सदस्यों की, माताओं की, पत्नियों की, बच्चों की, जिन्होंने ऐसी कठिन परिस्थितियाँ पैदा होने के बावजूद हिम्मत और साहस से काम किया है। यह कोई छोटी बात नहीं है और मैं तो यह देख रहा हूँ कि हार्ड एरिया में हमारे सीआरपीएफ जवानों को अधिकारियों को किस ढंग से कार्य करना पड़ता है।

मैंने Director General, CRPF को गृह मंत्रालय की

जिम्मेदारी संभालने के बाद यह कहा कि मैं खुद जाकर किसी कैंप में देखना चाहता हूँ कि हमारे जवान वहां कैसे रहते हैं, और मैंने तो आग्रह किया है कि जो सबसे जटिल हो, दुर्गम क्षेत्र हो, कठिन क्षेत्र हो, वहां मुझे जाना चाहिए। मैं केवल वहाँ जाना ही नहीं चाहता बल्कि जवानों के साथ रात को रुकना भी चाहता हूँ।

अपने कर्म का पालन करना, यही कर्तव्य है और मैं जानता हूँ, कर्तव्य पालन की कुछ बुनियादी आवश्यकताएं होती हैं। स्पेशल सैक्टरी के रूप में भी श्री प्रकाश मिश्र आपके Director General रहे हैं। यहां पर Director General BSF और ITBP बैठे हुए हैं। हमारी यह चाहत रहती है कि हम कैसे अपने जवानों के लिए, अपने पैरामिलिटरी फोर्स के लिए कुछ करें। मैं अलग-अलग सभी पैरामिलिटरी फोर्स के जो भी Director General हैं उनके साथ बैठा हूँ। मैंने कहा है कि हर एक समस्या का समाधान इतने समय के अन्दर होना चाहिए और मैं अपनी पैरामिलिटरी फोर्स के Director General को भी मैं कहना चाहूंगा कि आप तय कीजिए। Home Ministry में भी उसका follow-up ठीक तरीके से होना चाहिए और मैंने तो इस सीमा तक आजादी दे रखी है कि कभी भी कोई समस्या आती है तो सीधे मुझसे बात कर सकते हैं।

हॉस्पिटल में जो हमारे जवान भर्ती हो जाते हैं उन्हें ऑफ-ड्यूटी माना जाता है। मैंने फैसला किया कि उसे ऑफ-ड्यूटी नहीं माना जाएगा। उसे ऑन-ड्यूटी ही माना जाएगा। कल जब मैंने श्री प्रकाश मिश्र के साथ बात-चीत कर रहा था उस समय मेरे ध्यान में एक बात आई कि हमारे सीआरपीएफ के जवान की हार्ड एरिया में जब पोस्टिंग रहती है तब हार्ड एरिया के कुछ अलाउंस मिलते हैं। लेकिन जब वह घर चले जाते हैं, 5 दिन, 10 दिन, तो उनको भत्ता/अलाउंस नहीं मिलते हैं। यह बहुत दुर्भाग्यपूर्ण है। मैं मानता हूँ कि यह उचित नहीं है और मित्रों मैं इसका निराकरण करूंगा। शहीद होने पर जो कुछ भी प्राप्त होता है, उससे भी मैं व्यक्तिगत रूप से संतुष्ट नहीं हूँ। इसके लिए मेरा प्रयत्न जारी है। एक तरफ तो भारत की सीमाओं की रक्षा करते

हुए, देश की अखण्डता की रक्षा करते हुए आप जिन्दगी और मौत का खेल खेलते हैं और दूसरी तरफ जब मैं देखता हूँ कि आप सामाजिक दायित्व का भी निर्वाहन करते हैं। हार्ड एरिया छत्तीसगढ़ में और झारखंड में भी कुछ कैप लगा कर कुछ लोगों का ईलाज भी सीआरपीएफ के जवान करते हैं।

आज इस अवसर पर ज्यादा कुछ न कहते हुए मैं समस्त

शहीदों की माताओं, बहनों का अभिनन्दन करना चाहता हूँ। जब भी किसी को यह मालूम होगा कि इस परिवार का कोई व्यक्ति शहीद हुआ है, तो उस परिवार के प्रति लोगों की आस्था बढ़ेगी। एक सम्मान का भाव लोगों के हृदय में होगा। मैं आप के धैर्य की, आपके साहस की, सराहना करता हूँ। जो भी हमारे जवान शहीद हुए हैं, उनको मैं श्रद्धांजलि अर्पित करता हूँ।

शौर्य दिवस के अवसर पर श्री प्रकाश मिश्र, महानिदेशक केन्द्रीय रिजर्व पुलिस बल का स्वागत भाषण

माननीय श्री राजनाथ सिंह, केन्द्रीय गृह मंत्री, श्री हरिभाई पारथीभाई चौधरी, गृह राज्य मंत्री, श्री दिनेश्वर शर्मा, Director Intelligence Bureau] केन्द्रीय पुलिस संगठनों के प्रमुख, पूर्व प्रमुख, विशिष्ट अतिथिगण, समारोह में उपस्थित अधिकारीगण, प्यारे जवानों, प्रेस-मीडिया के प्रतिनिधिगण, देवियों और सज्जनों।

मैं सर्वप्रथम इस बल के शहीदों व उनके परिवार के सदस्यों को नमन करता हूँ, जिनके बलिदान के कारण यह बल देश की आन्तरिक सुरक्षा के एक सशक्त अंग के रूप में उभरा है।

आज के इस केन्द्रीय रिजर्व पुलिस बल के शौर्य दिवस समारोह में, मैं पूरे बल की ओर से माननीय गृह मंत्री जी का और आप सभी का हार्दिक स्वागत व अभिनन्दन करता हूँ। महोदय, आपका सी.आर.पी.एफ. के प्रति अत्याधिक लगाव ही यह प्रदर्शित करता है कि अत्याधिक व्यस्त कार्यक्रमों में से कुछ बहुमूल्य क्षण निकाल कर आप हमारे बीच उपस्थित हुये, हम इसके लिए आपके आभारी हैं। आपकी उपस्थिति से हम गौरवान्वित हुये और भविष्य की चुनौतियों का सामना करने के लिये हमारा मनोबल और बढ़ा है।

अपने 75 वर्ष के कार्यकाल में CRPF ने बलिदान के साथ-साथ शौर्य की अनेक गाथाएं लिखी हैं। इन्हीं में शौर्य

दिवस भी एक है, जिसे आज हम मना रहे हैं। 1965 में आज के ही दिन CRPF की दो कम्पनियों ने पाकिस्तान की पूरी ब्रिगेड के आक्रमण का सामना डट कर करते हुये उसे पीछे धकेल दिया और 34 दुश्मन सैनिकों को मार गिराया तथा 4 को ज़िंदा पकड़ लिया। यह बल की ऐसी ऐतिहासिक विजय थी जिस पर बल के प्रत्येक सदस्य को गर्व है। इसके पहले इसी बल ने हॉट स्प्रिंग (Hot spring) में चीनी आक्रमण को रोककर वीरता की नई मिसाल कायम की थी। संसद पर हुए आत्मघाती हमले को नाकाम कर CRPF ने सभी आतंकियों को मार गिराया एवं लोकतंत्र की रक्षा की। इसके अलावा यह बल दिन रात देश के दूर दराज क्षेत्रों में अपनी मुस्तैद तैनाती और मजबूत इरादों से देश की अखंडता को बनाए रखने में महत्वपूर्ण योगदान दे रहा है।

देश सेवा में लगी CRPF की हौसला अफजाई के लिए अब तक 4210 अधिकारी व जवानों को अब तक विभिन्न पदकों एवं अंलकरणों से सम्मानित किया जा चुका है। वीरता हमारी परम्परा और देश सेवा हमारा धर्म रहा है।

आज इस कार्यक्रम में उपस्थित पुलिस वीरता पदक प्राप्त करने वाले अधिकारियों एवं जवानों व उनके परिवारजनों को मैं हार्दिक बधाई देता हूँ और आशा करता हूँ कि उनके द्वारा प्रस्तुत उदाहरण हम सभी के लिए प्रेरणादायक सिद्ध होगा। माननीय गृह मंत्री को भी धन्यवाद देता हूँ कि वह यहाँ उपस्थित हुए और इस समारोह की शोभा बढ़ाई।

पुनः शहीदों को मेरा व बल का कोटि-कोटि नमन।

जय हिन्द ।

सुनाबेड़ा, ओडिशा में महानिदेशक की उपस्थिति में तीरंदाजी प्रतियोगिता

जैसे कि विदित है प्रतिभा संसाधनों पर निर्भर नहीं होती यहाँ तक कि देश के अति पिछड़े एवं दुरवर्ती भागों में भी प्रतिभाएं उभरती हैं एवं अपने कौशल से विश्व को अचम्भित कर देती हैं। आवश्यकता केवल इतनी ही है, कि ऐसी प्रतिभाओं को चिन्हित करके उन्हें खेल जगत की मुख्य धारा से जोड़ा जाए। इसी विचारधारा पर विश्वास रखते हुए तीरंदाजी प्रतियोगिता का आयोजन इस वर्ष 2015 में ओडिशा के नुआपाड़ा जिले के सुनाबेड़ा रिजर्व फॉरेस्ट क्षेत्र में किया गया। क्षेत्र में यह पाया गया कि सभी जातियों के युवा वर्ग में धनुर्विद्या काफी प्रचलित है और बस आवश्यकता थी कि सुरक्षाबलों द्वारा उन्हें एक मंच दिया जाए।

'स्पोर्ट्स ऑथोरिटी ऑफ इण्डिया', 'स्पोर्ट्स ऑथोरिटी ऑफ स्टेट' एवं स्थानीय युवाओं से इस संदर्भ में विचार-विमर्श किया गया। रिजर्व फॉरेस्ट क्षेत्र की तीन ग्राम पंचायतों के लगभग 4 दर्जन गाँवों को दृष्टिगत रखते हुए कार्यक्रम का प्रारूप तैयार किया गया। कार्यक्रम का आयोजन 12 से 18 मार्च 2015 के मध्य किया जाना सुनिश्चित किया गया।

मुख्य प्रदर्शन के समय इस सुनाबेड़ा रिजर्व फारेस्ट क्षेत्र के इतिहास में पहली बार अप्रत्याशित रूप से तीन हजार ग्रामीण जनता उपस्थित थी। नौ प्रतिभागियों का, जो प्रत्येक श्रेणी से 3-3 चुन कर आये थे, जिनका अंतिम चयन मुख्य अतिथि महोदय के समक्ष हुआ, को पुरस्कार प्रदान किए गए। यही नहीं कार्यक्रम के समापन पर महानिदेशक महोदय के समक्ष रंगारंग सांस्कृतिक कार्यक्रम भी प्रस्तुत किए गए एवं मुख्य अतिथि महोदय को उपहार भेंट किए गए। इस अवसर पर विशेष महानिदेशक श्री दुर्गा प्रसादजी भी उपस्थित थे। महानिदेशक ने उपस्थित जन समूह को क्षेत्रीय भाषा में संबोधित किया जिस पर उपस्थित जन समूह ने विशेष रूप से हर्ष व्यक्त किया। मुख्य अतिथि महोदय ने आश्वस्त किया कि सीआरपीएफ उनके आगे के प्रशिक्षण की व्यवस्था भी करेगी ताकि वे इस से भी बड़ी प्रतियोगिता में अपनी भागीदारी सुनिश्चित कर सकें। उन्होंने उपस्थित जनता को कोबरा के कार्यों से भी अवगत कराया व कहा कि इस प्रकार के कार्यक्रम भविष्य में भी होते रहेंगे।

रिक्रूट प्रशिक्षण केन्द्र श्रीनगर - एक रजत जयंती संस्थान

01 अप्रैल, 2015 को आर.टी.सी. श्रीनगर ने अपनी स्थापना के 25 वर्ष पूरे कर लिए हैं। इस संस्थान की स्थापना 01 अप्रैल, 1990 को हुई थी। यह वही समय था जब जम्मू व कश्मीर में आतंकवाद के अस्थिर दौर की शुरुआत हुई थी। हिंसक और प्रतिकूल परिस्थितियों ने तो इसकी स्थापना को और चुनौतीपूर्ण बना दिया था। परन्तु केरिपुबल ने इस चुनौती को साहसपूर्वक स्वीकार किया और बल की आवश्यकताओं और अपेक्षाओं की कसौटी पर खरा उतरा। यह वह दौर था जब केरिपुबल का तेजी से विस्तार हो रहा था। केरिपुबल में तीन आर.टी.सी. पहले से ही कार्यरत थे, परन्तु वे बल के रिक्रूटों की प्रशिक्षण आवश्यकताओं को पूरा करने के लिए पर्याप्त नहीं थे। इन परिस्थितियों के मद्देनजर एक नई आर.टी.सी. के सृजन का निर्णय लिया गया जिसे आर.टी.सी. -4 का नाम दिया गया। इसे अब आर.टी.सी. श्रीनगर के नाम से जाना जाता है। प्रारम्भ में इस संस्थान की स्थापना श्रीनगर शहर से लगभग 30 कि०मी० की दूरी पर अवन्तीपुरा में की गई। 29 मार्च 1994 से यह संस्थान

जिला बड़गाम के हुमामा नामक स्थान पर कार्य कर रहा है।

उद्देश्य :- बल की अपेक्षाओं पर खरा उतरने के लिए आर.टी.सी. श्रीनगर ने एक आदर्श वाक्य अपनाया है " निश्चय कर अपनी जीत करो" जिसका अभिप्राय है कि " आइए अपनी जीत सुनिश्चित करें"

इस संस्थान का उद्देश्य निचले स्तर तक के सैनिकों को प्रशिक्षित करना है, ताकि वे विजय हासिल करने तक अपना संघर्ष जारी रख सकें।

उपलब्धियां:- पिछले 25 वर्षों के दौरान आर.टी.सी. श्रीनगर ने 21183 रिक्रूटों को सफलतापूर्वक प्रशिक्षित

किया है। उनके बुनियादी प्रशिक्षण के अलावा यह संस्थान कश्मीर घाटी में तैनात बल की बटालियनों की प्रशिक्षण आवश्यकताओं को भी पूरा करता है।

संसाधन:- इस संस्थान के पास बुनियादी प्रशिक्षण केन्द्र के लिए अपेक्षित सभी बुनियादी संसाधन उपलब्ध हैं। इसके अलावा निम्नलिखित प्रशिक्षण सुविधाएं भी विकसित की गई हैं:-

- (क) जंगल ऑबस्टेकल लेन
- (ख) नर्सरी ड्रिल
- (ग) हेली स्लिदरिंग प्लेटफॉर्म
- (घ) रस्सी चढ़ना, फिसलना और आर-पार करने की नवीनतम सुविधा
- (ङ) कम्प्यूटर लैब
- (च) आ.ई.डी. लैब और आ.ई.डी. पार्क

पर्यावरण:- लगभग 2000 बादाम, सेब, अखरोट, चिनार और विभिन्न प्रजाति के पौधे, 160 एकड़ क्षेत्रफल में फैले इस परिसर की सुन्दरता को बढ़ा रहे हैं। यही नहीं राज्य के वन विभाग ने भी "विश्व बागवानी दिवस" के अवसर पर इस परिसर में आयोजित विशेष पौधारोपण अभियान का आयोजन करने में विशेष रुचि ली है।

निष्कर्ष:- आरटीसी श्रीनगर की यह ऐतिहासिक यात्रा इसकी सफलताओं और उपलब्धियों का स्वतः बखान करती दास्तान है, जो विगत वर्षों में इसके नेतृत्व की सफलता और प्रशिक्षकों द्वारा नवीनतम रीति से सही परिप्रेक्ष्य एवं दिशा में कार्य करने को दर्शाती है। इस संस्थान का "रजत जयंती वर्ष" वास्तव में समारोह मनाने का सही अवसर है।

Adieu the CRPF, long live 15th DAGOs

**Ramesh Chandra
IGP Retd**

The Academy

After shifting of the National Police Academy from Mt Abu to Hyderabad during Feb 1975, the Internal Security Academy of CRPF was established in the same premises- once housing the Lawrence Public School. Thirty four of us 15th Batch of Directly Appointed Officers converged at Mount Abu during fourth week of Aug 1975 for one year's basic training. We had Sh H Veerbhadraiah IGP the Director of the Academy, Sh C Pal Singh Commandant, Sh AM Tiwari Dy Comdt Sh JP Dubey Dy Comdt and Sh AS Chahal Asstt Comdt - our course in charge. Other officers at the Academy were Sh RS Gill Asstt Comdt, Sh NS Broca Asstt Comdt, Sh RM Khan Asstt Comdt and Sh AN Roy (law

instructor of NPA who chose to stay back at Mt Abu after it was shifted to Hyderabad).

The Arrival Welcome

The transformation of our personality from civilian to that of a paramilitary officer started immediately upon our arrival at the Academy with a close hair cut. The haircut on which scriptures (read manuals) are silent, is a great unifier. All of us coming from diverse backgrounds, emerged out of barber's shop after five-minutes of hurried & almost forced Operation Haircut, looking just similar, wearing similar grin on our faces. With hindsight now we realize that it was the beginning of loosening, if not disabling, our affections for our parents,

elder & younger kins in the close and extended families whose various life & death ceremonies we couldn't attend for various emergent engagements of the Force, entangling us for next thirty-six years or more.

The Town of Mt Abu

Mount Abu of seventies used to receive an average rainfall of 100 inches and used to wear a thick lush green cover. Now Abuites are very happy and contended if Nakki receives an average rainfall of about 50 inches, which assures them of regular water supply throughout the year, the green cover being neither expected nor missed.

The Honeymoon

We can admit and share the excruciating painfulness of the first four days of our honeymoon period with the Force in the hill-station of Mount Abu. PTI HC Ram Pat and his associates made us run around the town covering almost 10 kms every morning for first four days. Our legs had too stiffened to climb the stairs of RHE officers' mess for meals. Testimony of this suddenly befallen rigors is borne by the fact that at the end of first four days, four trainees from south thought it prudent to call it a day with the CRPF and quit, probably quit with vengeance, as one of them later made it to IPS. Hopefully NPA treated him kindly in the morning PT. Though another course mate of ours' AK Chib who had already appeared for IMA, left the Academy on his selection.

Life At The Academy

Despite of the Academy evenly leveling us mentally & physically, most of us were able to keep our individual idiosyncrasies intact and

form idiosyncrous sub-groups. First sub-group was of those, who were undergoing training during & after the training time. They had neither time nor the inclination for other allied pursuits. Leading among them were JS Sandhu, SA Jabbar, KR Brahmo, MS Balakesavan, MK Doss, DP Mukherjee, Late Amar Singh and Late AK Duggal. There was a second sub-group of those who were sincere on the ground & classroom, but could keep their spirits alive off the parade times. These were KV Madhusudanan, KK Shiva Prasad, HR Singh, Ranjit Singh, AA Khan, Joginder Singh, SAM Kazmi, Vijay Kumar, Lakshminarayanan, Muralidharan, S Jagdish and I. This sub-group was sizable. Then came the third sub-group of chivalrous guys who were equally good in training as well as in various allied activities. They were MS Raghava, Vinod Vir Singh, Suresh Kumar Sharma, Vinod Kumar Sharma, Rajinder Singh Cheema, Amarjit Singh Brar and Raghuvir-Singh-Hari-Singh Sahota. Last but not the least there came a concise undetectable fourth sub-group of those whose interest or dis-interest in the training as in other allied activities remained incomprehensible for all of us, until they started performing excellently well in the field. They were Krishnamurthy Iyer and DK Mohapatra. It would be gross injustice if no mention is made of that one-man sub-group which lived on Carbon-di-Oxide and performed all private or public odd-jobs, with sole-membership of Sh AM Mohammed. These sub-groups were impenetrable out of the Academy premises, though permeable within; eg- JS Sandhu & Vinod Kumar Sharma in breaking into sudden sprint towards RHE mess after parade for meals, Brar & Cheema in quiet chicken-pickle eating, Madan & Cheema in reverse walking-taking backside road to reach Connaught place of Mt Abu- Nakki Market; Madan, VV Singh

& Chib in joking & fancy dressing, Lakshmi & Murali in dosa eating at a particular Nakki restaurant, S Jagdish (Nick named Chingari- for his favorite Hindi number for all occasions 'Chingari koi bharhke...') Lakshmi ('Tareef Karoo kya teri...' fame) HR Singh (for Haryanwi Ragini) Cheema (for Punjabi numbers) in singing; and lone Ranjit Singh in whistling. One situation in which all of us used to be together, was after long hours of outdoor training, driving us to the ends of human- endurance, sparing just enough energy to reach RHE stairs to break together into Hindi number "Le kar hum Diwana dil, firte hain Manjil Manjil..." the song which towards the end of training assumed the status of theme-song of the batch.

The Career Performance

The service period was a long journey through unknown, uneven, rough, inhospitable territory under good & bad climes- sometimes extremely inclement. Though we lost our usual smile, shape, hairline & color, health, some even their lives, but most of us retired in one piece. If we look back and take the stock of our performance, we find that all of us gave excellent account of ourselves both in field & staff, evident by earning a rich tally of service & gallantry decorations. Four of us-Vinod, Sushil, Sahota & Sandhu- were decorated with President's Police Medal for Gallantry- first three with a bar each, one VSM- for Sushil, five Distinguished Service Medals to Madhu, KK, Aftab,, Madan & Mohammed, and ten Meritorious Service medals. On the ladder of leadership, the batch produced two Addl DGs, HR and Madan - both of them have done us proud as also to their families, eight of us Madhu, KK, Ranjit, Aftab, Joginder, Kazmi, Mohammed & I, made it to the rank of Insp Gen, and seven of us- Vinod

Kumar, Sahota, Jabbar, Krishnamurthy, Brahmo, Anil & Amar- rose to the high rank of Dy Insp Gen. It's an excellent dividend to the Force for rigorous training and inhospitable deployment but wonderful opportunities to prove our mettle.

Those of us who left the Force prematurely for personal reasons, also did exceedingly well in the civil life- Suresh on absorption in Punjab Police not only rose to the rank of Insp Gen but Punjab Police were reluctant to retire him even after the age of superannuation for indispensability of his services. Satyam headed the prestigious AP High Court Bar Association, narrowly missing nomination as High Court judge; Lakshmi is still holding a coveted position in a Communication co. In States; Murali held very high position in Tata Steel.; Vinod became renowned & sought-after corporate trainer; S Jagdish resumed his old profession of lectureship in Karnataka, MK Doss made an empire of his own in real estate in Chennai; Vijay is still Director in many PSUs; Amarjit became leading transporter in Punjab, and Cheema a wholesaler near Chandigarh; to name a few.

On the family-front (ladies may excuse me for calling families also a front), the children of all of us are doing well in their careers. Some of us have been generous enough to bestow the honour of grand-parenthood on other batch mates. We gratefully acknowledge the honor and owe to repay them in our own time. With this exemplary report card, we are happy to be together again.

Long Race

We all had heard that the time passes very fast but how fast, we hadn't realized until we retired in recent years. Service in CRPF was a long race where we didn't get to breathe awhile.

With hind-sight we find we lost our parents in our absence, couldn't attend the marriages of youngsters, couldn't supervise education of our own kids, relationships with near & dear were maintained at lowest ebb due to our perennial absence and most close links with childhood friends got severed and forgotten. We might have gained materially but lost greatly on those finer sweet dimensions of life which once used to sooth our souls.

Winding tunnel

We entered the Force as boys. Passing through long winding-blind curves of service life, we intermittently lost either the past view or the scenario ahead. Thus, most of our life & time in service passed in connecting the past with the future scenarios, missing the panoramic larger picture of life. At long last when we emerged out of the winding tunnel, we find the outside view fully changed and alien to us. From the

lot we knew before entering the service, the old have passed away and the young have grown-up, and forgotten us. We end up being alien to all those around us, too. The Force whom we took as our second mother, has also moved away from us. Thus we are all left to ourselves, our families and our batch mates.

Adieu

On 30th Aug '14, when we assembled at Southern Zone HQ Hyderabad, while the youngest hence last among us, Sh MS Raghava Addl Dir Gen, having reached the zenith of the promotional ladder in the Force, doing great honour to his parents, family and all of us batch mates, retires, after 39 years of illustrious & distinguished services, while wishing the flag of the Force to fly always high, we find ourselves saying in unison 'Adieu CRPF, long live 15th DAGOs'.

'Long live 15th DAGOs !'

No, Sergeant. Equal and Proportional Force does not mean you can throw the bricks back at the demonstrators

THIRD LAW OF NEWTON !

If we always do what we always did . . . We will always get what we always got . . .

The above statement largely sums up our inability to change and comprehend even today (though efforts are on), the extraordinary qualities of the dog, his docility and watchfulness, the acuteness of certain of his senses, his speed and all those abilities that render him adaptable and suitable for anti naxal and anti terrorist operations.

What follows is a sincere and honest attempt to bring attention and praise to the extraordinary work these working service K9s teams have been doing in field formations. At a time when an operator sitting in a room hundred of kilometers away directs a drone, when crores of rupees are spent in acquiring hi-tech weapons, when we are doing all we can to induct equipments that can act as Force multipliers, the one thing that remains unsurpassed in our arsenal as the most effective force multiplier is the K9. This is said not without a reason. Those who read this are requested to honestly ponder and answer the few questions that follow:-

- 1) Which equipment do you consider acts as the best force multiplier today?
- 2) Can this equipment multi-task or effectively counter two-three strategic issues faced on the ground?
- 3) Please identify and pen down what are the abilities or effectiveness of this equipment that you consider the best force multiplier in our war against naxals / terrorists / insurgents.
- 4) How will you react if you are told that an equipment is on it's way that will help locate IED, at the same time pre warn you if the enemy has laid an ambush, will do

Vinod Vijay
DIGP/Principal DB&TS,
Taralu

a reccee for you, will provide you live pictures from the innards of a conflict zone, will help you neutralize the enemy, will help you track down the fleeing fugitives?

- 5) If the above point has got you excited then you are requested to compare these qualities/advantages with the one you identified in point number 1 and arrive at the conclusion.

The qualities mentioned in point 4 are the capabilities of the K9 team trained and deployed from DB&TS. True they cannot do everything but any other equipment simply cannot replicate what they bring on the battleground. They are here and they are for real. The achievement of these K9 teams in ANO is ample proof of this. Two dogs have been decorated with DG's Disc and few more are recommended for. 26 achievements have been reported from the 138 Belgian Shepherd – Malinois dogs that have been trained and deployed from DB&TS.

Today, the single biggest threat in our fight against the naxals is the IED. If we effectively and efficiently counter it we would have won majority of the battle. With this in mind lets go through a few lines on how the K9 teams are built to counter this threat.

Detection work is very complicated and as a result the training at DB&TS is very segmented and regimented. Consistency is the key to this kind of training and it's time consuming. The

main objective is to take full advantage of the dog's innate ability to detect odours.

Here are some key pointers that form the foundation of Detection Training at DB&TS:-

- 1) The odour discrimination skills of dogs considerably exceed the abilities of humans and machines.
- 2) Dogs clearly learn to detect IEDs using the odour of explosives and other chemicals.
- 3) The availability of odour to dogs varies in complex ways with the environment in which the IED is placed. Influences include soil types, soil moisture, activity of micro organisms, and climatic variables.
- 4) Dogs are trained and are able to discriminate extremely faint target odours against a very heavy masking odour.
- 5) Dogs are able to learn to discriminate up to ten odours without difficulty.
- 6) Learned discrimination skills are retained for 60-90 days by dogs that are not operational.
- 7) Emission of molecule rates varies amongst different IEDs.
- 8) Generalization from learnt discrimination

odours to related but somewhat different odours is very important and is taken care of at DB&TS.

- 9) Dogs are made to work through many of the contamination, degradation, and other products, which occur naturally in the real world.
- 10) Training program for dogs includes experience with real IEDs recovered from different theaters.

We at DB&TS are also working on the points listed below which we believe would help the troops on the ground in more ways than one.

- **IED Range:** The IED range will help us in furthering our K9s skills in detection training. This will be different from the normal IED lane.
- **Pan India Control Room:** This will be manned 24 x 7 at DB & TS to address any issues or queries related to dogs and dog handlers from field formations.
- **Chopper Tower:** This will enhance the capability of the K9 teams to be deployed from chopper.
- **Nodal Centers of DB&TS (LWE):** 3 Nodal

touch are amplified. The dog experiences the same. This is the animal that has stood by us since earliest recorded history when humans used to fight over territory or property using rocks and sticks. It is for us to learn and see for ourselves by deploying the K9 teams how they work. If we do this only then we will be able to further strategize around

centers one each in Raipur, Ranchi and Bhubaneswar will be set up to address the local issues of all units deployed in LWE. All dog-related activities across all units like purchase of dogs, feed, equipments, re-fresher training, capsule course, health & care etc. will be supervised and solicited by this centre.

- **IED:** Samples of IED recovered from field formation will be provided to DB & TS for conditioning dogs.
- **Collapsible Kennels:** Dis-mantable/collapsible kennel design with specifications and bill of materials will be provided to all units. This will help units build their own Collapsible Kennels at a lesser cost.

There is no doubt that we are living and serving in very difficult and hostile environment. Hence we should be open to new ideas and embrace change if we have to effectively counter our enemy. Those on the forefront know how our senses come alive when faced with the enemy. How our sight, sense of smell, hearing and even

them. If not then we will only be working against them and will never be able to utilize their full potential. In our failure to do so we ultimately will land up blaming the K9 team.

Ignorance remains ignorance when we refuse to learn from it.....

Ignorance becomes knowledge when we learn from it.....

Let's make the change...

Institute of IED Management (IIM), Central Reserve Police Force

Improvised Explosive Devices (IED) remains the most potent weapon in the hands of terrorists. The IED menace is now rapidly increasing as a single largest abstract enemy of the security forces, cutting across geographical dimensions. Terrorists, today, are more educated, trained, technically sound and innovative. Easy availability of IED components and improved knowledge of fabrication has made it their favorite instrument. The IED threat has even challenged the mightiest armies of the World including that of USA and NATO in Iraq and Afghanistan. Hence countering IED threat has become top priority of every nation so as to reduce the losses due to IEDs/bomb blast. Therefore security apparatus across the globe needs improved counter IED techniques, training facilities and infrastructure to meet this challenge.

India has, simultaneously, suffered deeply by IED menace chiefly exercised by Maoists all across the Red Corridor Zone encompassing many States. The casualty figure on account of attacks by IEDs have progressively increased and is adversely affecting the morale of the Security Forces. Existing training facilities in India for countering IED menace are inadequate to meet the challenge. Central Reserve Police Force (CRPF) being leading force in combating Naxalism in India is simultaneously facing the brunt of IED threat, resulting into colossal loss of men and material.

CRPF evolved a mechanism for setting up a separate, dedicated institute for countering IED menace catering to needs and requirement

of CRPF and other Police Forces of India and friendly countries. **The mission of IIM, CRPF is to provide wide spectrum of specialized and technical training that involves all aspects of IED management including search, detection, identification and disposal through realistic, relevant and functional training with attention to details with a view to earn the reputation for excellence and high standards of knowledge and skills**

Institute of IED Management was formally inaugurated by Hon'ble Union Home Minister, Govt of India Sh. P. Chidambaram. Hon'ble Union Home Minister applauded the efforts made by CRPF for starting the IIM with international infrastructure and facilities.

The salient features of IIM are-

- **High-tech Class Rooms**
- **State of the art Model Room :** With models of all major IED incidents across India and even abroad
- **IED training Lab:** For hands on training on detecting, deactivating/neutralising and destroying IEDs of various types.
- **Sand Model Room:** To help students training on planning counter IED operations.
- **Counter IED range (Urban and Rural):** With counter IED exercises, involving security forces, terrorists and by-standers. Use of RF wireless based IEDs which can be shifted from anywhere to anywhere to set new exercises every time.

- **Latest counter IED equipments and devices**
- **Database of different IED incidents:** Facilities for data management and intelligent assessment/predictions.
- **IED Archive :** Display recovered IEDs from fields to familiarize trainees
- **Digital library:** Case studies and data on recovered IEDs

The IIM, CRPF, Pune (India), a counter IED training institute of CRPF is imparting training to all ranks of CRPF, other sister organisations and Security forces of other Asian countries. Initially IIM is focusing on ToT courses to disseminate and spread the flow of knowledge and skill to the very grass root level in the field areas as fast as possible thereby reducing the loss of men and property to the minimal.

IIM, CRPF, Pune is conducting courses and modules covering all aspects of training, catering to the needs of every zone like different techniques for J&K, different aspects for Northeast and altogether different approach for Naxal infested areas. IIM Pune also consults other specialised counter IED Institutions and facilities from time to time and conducts seminars and workshops to upgrade and hone the skills and techniques in countering IEDs. Improved efficiency comes from the improved training and IIM, CRPF, Pune is evolving as a international centre of excellence by inculcating all ultra modern and latest techniques, tactics and procedures in the field of Counter IED training.

IIM, the brightest jewel in the crown of CRPF is though in its nascent stage nevertheless it has earned laurels and kudos from all quarters of the

country. All the premier national investigating agencies look up to IIM for its assistance in different IED related circumstances. In a very short span of two years the institute has achieved the following milestones-

- Trained more than 2000 trainees of all ranks of CRPF and other security forces of the country.
- Trained the Police Forces of all the maoists affected states of India.
- Designed and conducted Capsule course for BDDS of various State Police Forces.
- IIM, Pune imparted training to 159 participants of Central Industrial Security Force who are guarding the various vital installations of the country.
- IIM, Pune also trained senior **scientists of Defense Research & Development Organization** on Counter IED Trg.
- The Institute Played a pivotal role in cracking the Pune Blast that took place on 1st Aug.2012.
- The Institute contributed in the preparation of SOP of various Police Forces regarding Search, Detection and Neutralization of IEDs in different situations.
- Officers of the Institute visited the various blast sites in the field areas and prepared instructions for different IED related situations.
- Instructors from the Institute visited the various Trg Centers of India and delivered the guest lectures and shared their rich experiences.
- IIM, Pune contributed an IED awareness

programme for the common masses in cities. The Institute believes that the society can play a key role in detecting, identifying and alerting the specialized security agencies in countering the IED threat.

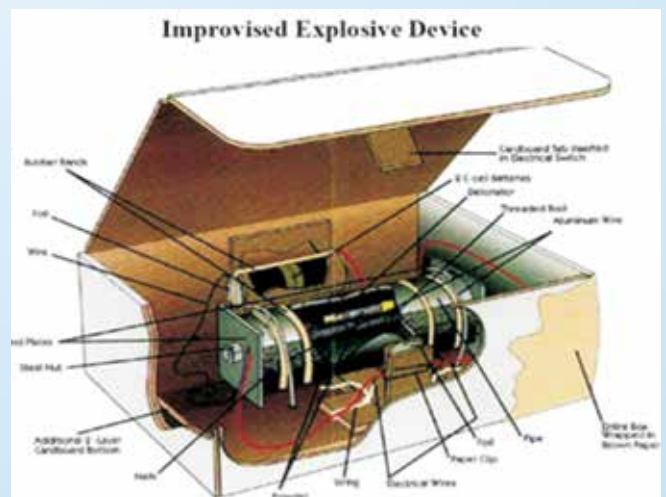

- IIM, Pune assisted National Investigation Agency (NIA) in the investigation of Hyderabad twin Blast (21/02/2013) & Bangalore Blast (17/04/2013).
- Officers of the Institute participated in various National and International conferences/seminars and did value addition by sharing their rich experiences.
- Institute of IED Management played a key role in designing and imparting customized training on counter IED during GPE-2014 and State Assembly election of highly Naxal infested state of Chhattisgarh and Jharkhand.
- IIM, CRPF, Pune also participated in 1st India-USA Bilateral Discussion on Countering the IEDs held at Washington D.C. from January 12-15, 2015. The Institute was part of the delegation that went to USA for Bilateral Discussion on C-IED threat.

- IIM, CRPF, Pune is the only Institute of its own kind which has made its outreach to the remote areas of Maoist affected states. The Institute sends its trainers/instructors to various training centres of CRPF and other remote places where CRPF is deployed to sensitize the troops regarding IEDs.
- IIM, CRPF, Pune conducted three days' capsule courses on IED awareness for commanders at Jagdalpur and Bijapur. The course was attended by officers of various units of CRPF deployed in Bastar region.

India's quest for peace can only be realized once our country is free from all kinds of threats posed by different anti national forces. Here comes the role of CRPF and IIM. By our professionalism, vision and training we shall be able to defeat the dark forces which are acting against the very 'idea of India'. The Institute believes that the quality of training needs to be constantly revised with the changing pattern of IED threat. The Institute looks ahead to convert and transform Red Corridor Zone into No Fear Zone by eliminating IED menace and terrorism.

Getting your Zzzzz's

The amount of sleep a person needs depends on various factors, such as age and health. Studies among adults show that getting much more or less than seven hours of sleep a night is associated with a higher mortality rate. A general guideline to how much sleep is needed

Infants	Toddlers	School-age Children	Adults*
14 to 15 hours	12 to 14 hours	10 to 11 hours	7 to 9 hours

*Older adults need about the same amount of sleep as younger adults, although sleeping patterns may change as a person ages. Older adults tend to sleep more lightly and awaken more frequently during the night than do younger adults. This may create a need for or tendency toward daytime napping.

आरटीसी, लातूर

उठ सैनिक उठ, तू ईश्वर की सन्तान है
लाखों धड़कनों की जान हैं
इस धरती पर तेरा कर्म युद्ध है
पढ़ना है बचपन से लेकर बुढ़ापे तक,
करना है प्रयास संघर्ष और परिश्रम का,
करना है अभ्यास युद्धकला का,
करना है तालमेल अंगुली और राइफल का,
रहना है चौकन्ना इन आतंकियों से,
बनाना हैं राष्ट्र को मजबूत और शक्तिशाली
लाना है स्वराज इस धरती पर,
यही हमारा जन्मसिद्ध अधिकार है,
उठ सैनिक उठ, तू ईश्वर की सन्तान है ।
पुस्तक ही माँ है-मस्तिक ही पिता है।

‘परिवर्तन’

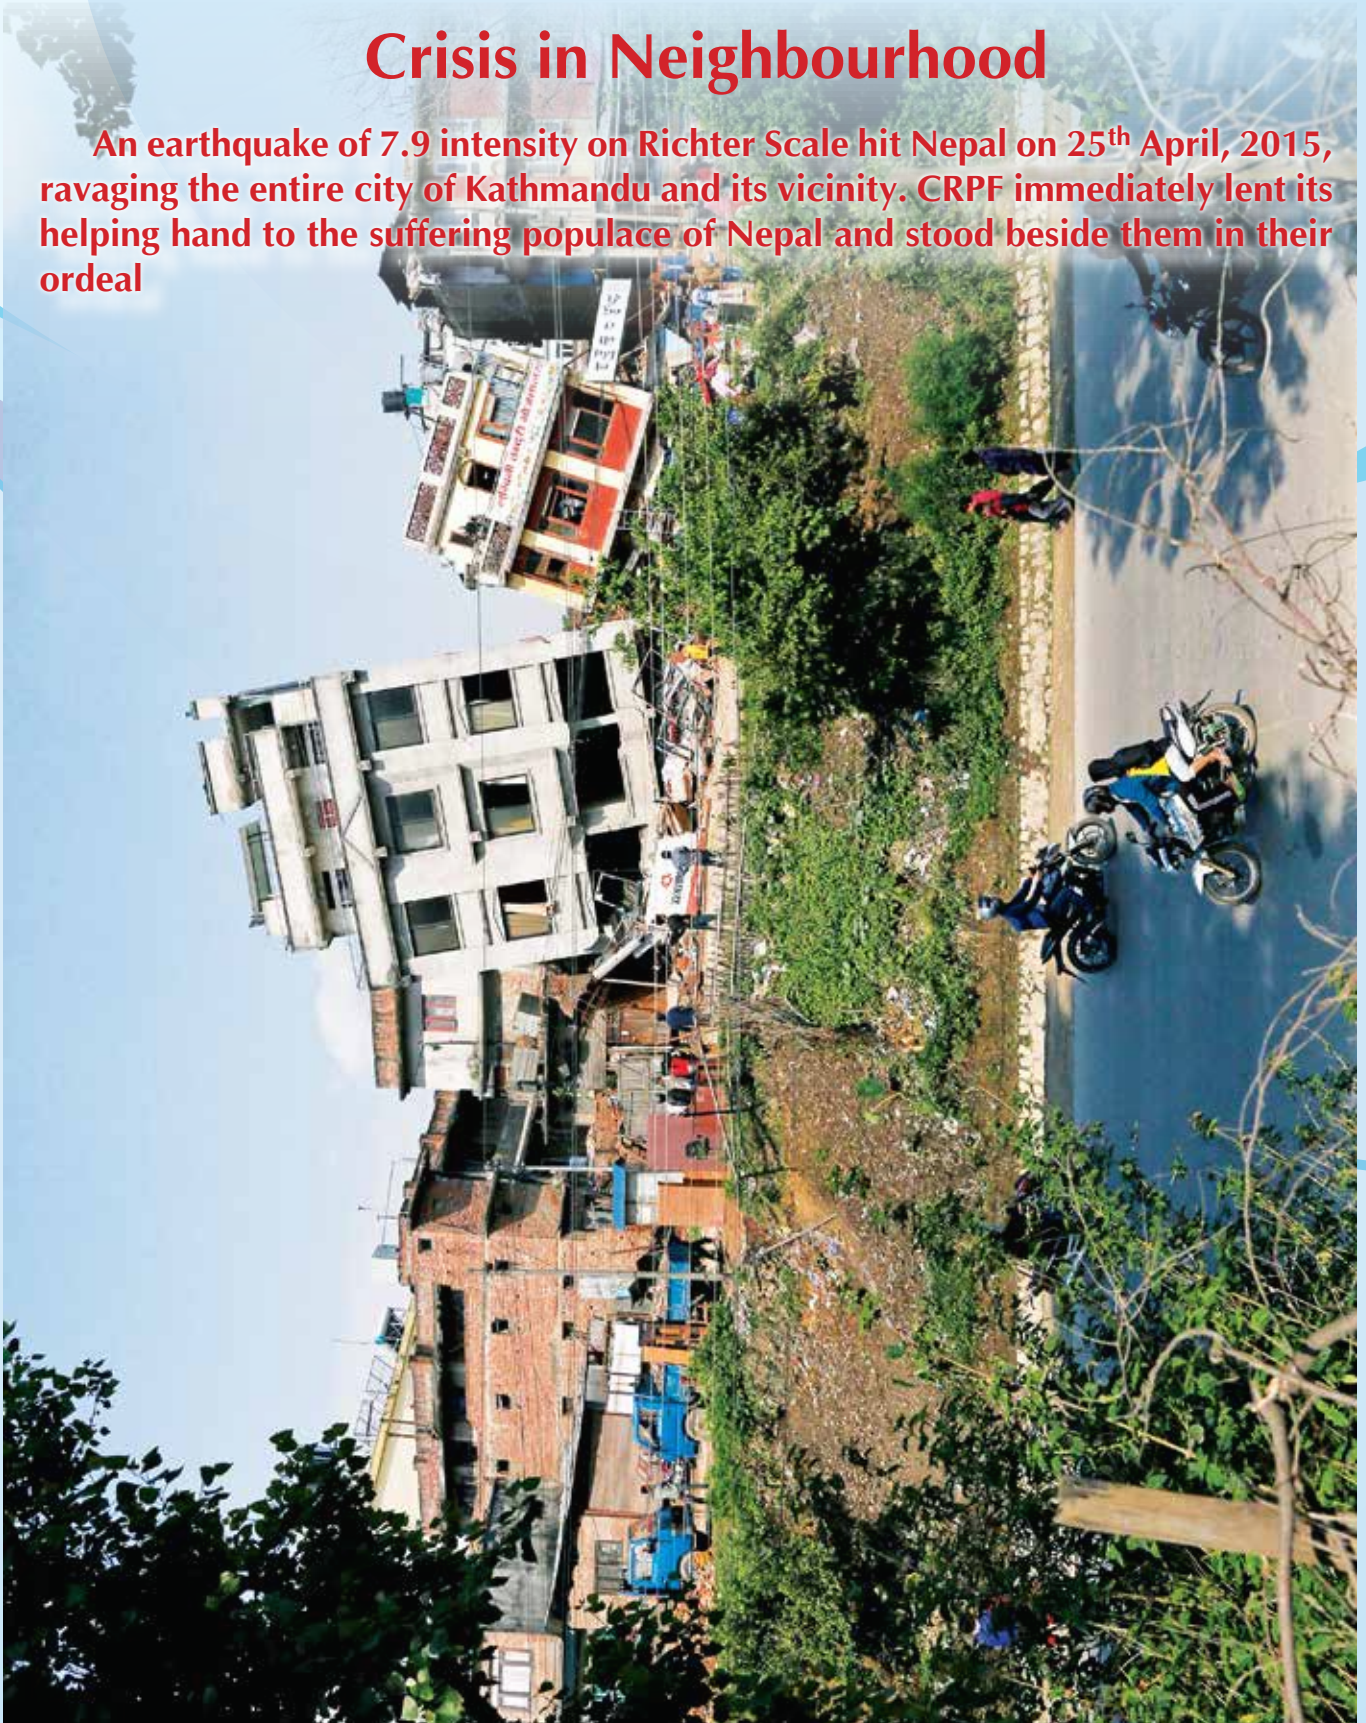

ओम प्रकाश शर्मा
निरी. हिंदी अनु/महानिदेशालय

वह कहते हैं परिवर्तन आएगा,
हाँ, शायद परिवर्तन आएगा,
टूटी कड़ियों को फिर से जोड़ा जाएगा,
उन्हें उम्मीद है कि परिवर्तन आयेगा.
हाँ, जब वह कहते हैं कि परिवर्तन आएगा,
तो आशा होती है कि “परिवर्तन” आएगा ।
परन्तु घुमड़ घुमड़ कर फिर प्रश्न यही है,
मित्रों! परिवर्तन कौन लाएगा ?
मैं फिर यही कहता हूँ,
जो लाए हैं यह स्थिति
बदलाव भी वही लाएंगें ।
हाँ हमें ही बदलना होगा,
उतरना होगा खरा,
उनकी, अपनी, सबकी उम्मीदों पर ।
तब सब वास्तव में ही कहेंगे,
जी हाँ, बदल रहा है भारत,
अब परिवर्तन अवश्य आयेगा ।
