FAREWELL PARTY

मेरे खुश रहने की वजह

1. मुझे मानव जीवन मिला है, जो कि सभी को नहीं मिलता है।
2. मुझे इस दुनिया में एक सुन्दर परिवार, दोस्त, टीचर और बहुत कुछ मिला है।
3. मुझे सी आर पी एफ मांन्टेसरी विद्यालय में बच्चों को पढ़ाने का मौका मिला है।
4. मुझे विद्यालय में हर दिन हमारी प्रिंसिपल श्रीमती प्रीति तनेजा जी से सुविचार सुनने का अवसर मिला है।
5. मुझे विद्यालय में विभिन्न जाति, धर्म तथा लोगों को जानने, समझने तथा उनसे सीखने का अवसर मिला है।
6. मुझे जिंदगी अपने अनुसार जीने का मौका मिला है, और आज मेरे खुश रहने की सबसे बड़ी वजह है कि मुझे सी आर पी एफ मांन्टेसरी विद्यालय के मैगजीन में कुछ लिखने का सुनहरा अवसर मिला है।

सही ढंग से जिंदगी जी कर तो देखो,
ईमानदारी से काम कर के तो देखो,
दिमाग शांत रखकर के तो देखो,
बड़ों की बात मान कर तो देखो
अच्छा लगेगा।।

OFFLINE AND DIGITAL LEARNING

Our world has excelled so much in technology that people are improving day by day. Each and everything in this busy world is evolving. In the same way, even the way of teaching has evolved and updated a lot. People are sitting at home and attending classes and lectures. Earlier, the teachers used to teach face to face to the students but now technology has developed in such a manner that people learn everything via computer. Students just open their desk-top and attend their exams online. If they are in class, the teacher will keep an eye on the student and the students will concentrate on the teacher as the teacher is in front of him/her.

But now, as mentioned already, everything is online. Students can't really understand the concept practically much when they attend the classes online as compared to offline. They can even cheat using Google. But once they start thinking they start doing better than ever. But digitally learning is not that beneficial as the students will be able to see the teacher but the teachers really can't see the students. Hence, students can do whatever they want. May be the student is learning or may not be. Student teacher interaction is less in online learning. It is very hard to create the same environment online as it is in offline learning. Teachers can provide individual attention to the students, address their issues and solve it quickly in offline learning. Offline learning will allow younger kids to create a habit of functioning in a different environment and explore it. Hoping the situation is fine soon.

Thank you
